## [Lebanese MPs fail for the fifth time to elect a president](#)

Thu, 2022-11-10 22:21

BEIRUT: Lebanon's divided parliament failed on Thursday to elect a new president for the fifth time, with the post vacant since the mandate of Michel Aoun expired last month.

A new session will be held next Thursday, Nov. 17.

Independent Michel Moawad was the frontrunner in the 128-seat parliament with 44 votes on Thursday, still far short of the two-thirds majority – or 86 ballots – needed to win.

Parliament is split between supporters of the Hezbollah movement and its opponents, neither having a clear majority.
