

News story: Impersonation of MHRA staff

We would not contact you to give medical advice nor do we sell or recommend medications for patients.

People should not stop taking any medication without speaking to their healthcare professional.

If you do not recognise the name of the caller, please do not hesitate to take their number and contact our Customer Services team on 020 3080 6000 to check whether a caller is genuine before you give them any information.
