

Press release: Sandwell Valley Park remains open during construction works

Access preparation for the construction of phase 2 of the Environment Agency's Perry Barr and Witton Flood Risk Management Scheme started late January and will continue for the next couple of months. The main construction for the scheme will begin late spring/early summer and will reduce the risk of flooding to 1,400 properties in the area.

Over the next few weeks park visitors will see tree felling operations and some movement of HGVs through the access routes by Forge Mill Farm and the railway bridge by the RSPB centre. Any HGV movement will be carried out within normal working hours Monday to Friday. Priority will be given to park users, to keep disruption to a minimum. Both Forge Mill Farm and the RSPB will remain open during construction, and a path between the 2 buildings will remain available throughout the construction of the scheme. Handsworth Golf Course will be modified to support the scheme, but it will remain open as usual.

Recent Environment Agency drop-in sessions updated the public about progress of works, and received valuable feedback from local community members and representatives of user groups in the park. Another drop-in session is being planned in the near future. Staff will be on hand to answer questions and confirm information such as timescales, footpath closures and traffic management. Attendees will also be able to view the plans and get an overview of the programme as a whole.

Rachel Kelly, Environment Agency project lead for the scheme said:

This is a very exciting scheme that is going to reduce the risk of flooding for 1,400 properties in the area. We have been working closely with our partners and the local community to ensure that we minimise disruption to the park users and keep the community informed as we progress through the construction phase.

Councillor David Hosell, cabinet member for highways and the environment, said:

Council officers have worked hard with the Environment Agency to ensure that the scheme has minimal effect on visitors to the Valley.

We are delighted that part of the scheme and work in the Country Park will include new fencing for improved animal pens at Forge Mill Farm, extending it as a visitor attraction. There will also be improvements to the entrance into the park for pedestrians, cyclists and horse riders entering from the Old Newton Road.

More information about the Perry Barr and Witton Flood Risk Management Scheme is available [online](#). Alternatively contact the Environment Agency project team at witton.frms@environment-agency.gov.uk.

Along with flood defences and flood management schemes, knowing your flood risk is also important when protecting your family and property from flooding. People can check their risk and register to receive free flood warnings by visiting the Environment Agency's [flood information pages](#) or calling Floodline on 0345 988 1188.
