Research and analysis: Waste management data for England

Data is presented at a national level for England, or by former English government planning regions (for trend consistency). The data reports on:

- landfill inputs and capacity
- transfer inputs
- treatment inputs
- incineration inputs and capacity
- metal recycling inputs
- disposal in or on land inputs
- use of waste inputs

Information on the management of hazardous wastes and the number of sites is also included. <u>Contact us</u> for information on other site types.

View the data on data.gov

The data is available on data.gov.

The <u>Waste data interrogator</u> (conditional licence applies). This record includes 4 downloads:

- the waste data interrogator tool in MS Access
- the waste data interrogator data extract in MS Excel
- incinerator waste returns in MS Excel
- summary tables for England and the former planning regions

The <u>Hazardous waste interrogator</u> (open government licence applies). This record includes one download — the hazardous waste interrogator tool in MS Access.
