

[We've overexploited the planet, now we need to change if we're to survive](#)

Addressing the twin challenges of carbon emissions and biodiversity loss requires political will and leadership. Ambitious commitments must be made.

[CO2 system blockages safety bulletin: the impact of a safety finding](#)

In our final Maritime Safety Week blog, Simon Graves and Graham Wilson explain how issuing a safety warning during an investigation can have an immediate effect.

[Sir Mark Rowley announced as Commissioner of the Metropolitan Police](#)

Home Secretary Priti Patel has confirmed the appointment of Sir Mark Rowley to lead the UK's largest police force.

[New treatment and conditioning framework](#)

Nuclear Waste Services has awarded a four-year framework contract worth up to £41 million to three suppliers for the treatment and conditioning of radioactive waste.

Review finds cause for concern in some parts of road fuel market

A review of competition in the road fuel market has found cause for concern in the growing gap between the price of crude oil when it enters refineries, and the wholesale price when it leaves refineries as petrol or diesel.
