

Scotland Gas Networks work on Riverside Drive starts today #dundeewestend

As indicated in the council's weekly road report I shared yesterday, gas network work commences on Riverside Drive today.

Scotland Gas Networks' Stakeholder and Community Officer has advised me as follows :

"Following discussions with Dundee City Council, our project will start on Monday 30 July and last approximately six weeks. We've split the project into two phases to help minimise disruption.

During phase one of our work we'll be working in Riverside Drive, near the entrance for Barnett's Mazda garage. To ensure everyone's safety while we work, two-way temporary traffic lights will be in place around our work area. We expect this phase to be complete within three weeks.

Our work will then continue eastwards along the road. During phase two we'll be working east of Tay Rail Bridge and three-way temporary traffic lights will be in place around our work area. Riverside Approach will also be closed to southbound traffic and a diversion route will be in place for motorists.

We've created a dedicated webpage for this project which can be accessed through the following link – [here](#).

We always aim to minimise disruption and we will make every effort to ensure our works are completed as soon as possible."
