The LD will arrange cleaning and disinfection for the office premises concerned. All office staff will undergo COVID-19 testing. Members of the public who have made prior service appointments with this office will be informed of the alternative arrangements individually.

The LD will maintain close liaison with the Centre for Health Protection of the Department of Health in its anti-epidemic work. It will continue to implement various disease prevention measures, and remind all staff to stay vigilant in regard to personal hygiene at all times. If they feel unwell, they should seek medical advice immediately and inform the department.
