CNR IRPI and the BGS sign research agreement in geomorphology and engineering geology for landslide prediction

The British Geological Survey (BGS) and the Research Institute for Geo-Hydrological Protection (IRPI) of the Italian National Research Council (CNR) have signed a Memorandum of Understanding (MoU) aimed at fostering common research activities in the fields of geomorphology and engineering geology.

BGS delves into Deep Earth at

Edinburgh Science Festival

Scientists from the British Geological Survey (BGS) will be introducing people of all ages to the depths of our research and knowledge at the Edinburgh Science Festival next week.

New £15 million national isotope facility for earth and environmental science

Five of the UK's leading research institutions – the British Geological Survey (BGS), the Scottish Universities Environmental Research Centre (SUERC), the University of Bristol, the University of Oxford and the Centre for Ecology & Hydrology (CEH) – have joined forces to create a new national isotope facility.
