## [TD appeals to public to pay attention to latest traffic situation](#)

The Transport Department (TD) today (November 25) appealed to members of the public to pay attention to the traffic situation and the latest public transport service arrangement this morning before starting their journey.

As at 6am today, the latest public transport situation is as follows:

### (I) MTR

All MTR lines maintain services today. Except the Airport Express Line, the train service will end at 11pm.

University station remains closed. From start of service, East Rail Line service will be provided between Hung Hom and Lo Wu/Lok Ma Chau stations (not stopping at University Station).

Light Rail Route 751P is substituted by Route 706. Light Rail Routes 614, 751 and 761P will be diverted. Route 751 will not stop at Chestwood and Yau Oi stops.

### (II) Hung Hom Cross Harbour Tunnel

Due to the damage to the facilities of the Cross-Harbour Tunnel (CHT), the tunnel remains closed. Relevant departments have been carrying out urgent repair works in full steam. Nearby road sections, including the junction of Chatham Road South, Cheong Wan Road and Austin Road, Austin Road between Cox's Road and Chatham Road South and Hong Chong Road (both bounds), are temporarily closed.

To assist members of the public to commute, the TD has co-ordinated with franchised bus and ferry operators to strengthen services. Nine routes operating via CHT have been rerouted via Eastern Harbour Crossing (EHC),

which include 101X, 107, 108, 111, 115, 116, 118 and 182, as well as 118P via Western Harbour Crossing.

The service hours of the following two special free ferry routes are from 7am to 7pm, with peak frequency at 20-minute interval:

(1) Between Ma Tau Kok Public Pier in Kowloon City and Wan Chai Public Pier (near Golden Bauhinia Square)

(2) Between Hung Hom (South) Ferry Pier and Wan Chai Public Pier (near Golden Bauhinia Square)

In view of the limited carrying capacity of the ferry services and to provide alternative for passengers, franchised bus operators will arrange special departures (Route 115) at Kowloon City Ferry Pier Bus Terminus via the EHC to Central.

As traffic conditions and railway services may change within a short period of time, the TD urges commuters using public transport services to allow more travelling time and plan their journey in advance. Details of the latest traffic news are available at TD's website ([www.td.gov.hk/en/home/index.html](http://www.td.gov.hk/en/home/index.html)) or mobile application "HKeMobility".

## **Electoral Affairs Commission appeals to venue managements to allow continuation of count**

The following is issued on behalf of the Electoral Affairs Commission:

The Electoral Affairs Commission (EAC) made the following appeal this morning (November 25):

After the close of poll of the 2019 District Council Ordinary Election last night (November 24), most of the polling stations were converted to counting stations for the counting of votes.

Under normal circumstances, vote count at counting stations is usually complete within hours, enabling Presiding Officers to return the venues to restore their original functions at about 6am on Monday. However, as the voter turnout was relatively high, more time is still needed to complete the count in some counting stations. The venues cannot be returned at 6am as planned. That said, the EAC hopes and endeavours to complete the count and return the venues as soon as possible.

The EAC appeals to the managements and users of the affected venues to

appreciate that the EAC has the responsibility to ensure that this important public election is conducted openly, fairly and honestly. The EAC also hopes that the community would bear with the inconvenience resulting from not being able to return the venues on time to restore their original functions. The election, an extremely solemn event, has no room for mistakes in the count. The EAC hopes the venue managements would allow the counting staff to continue to use the counting stations to complete the count as soon as possible. The staff of the relevant venues may as a result need to take some contingent measures and users of the venues would need to bear with some inconvenience, but the EAC trusts that the smooth conduct of the election is a hope that the community share.

---

## **Registration and Electoral Office responds to media enquiries regarding delivery of ballot boxes and arrangements for counting of votes from dedicated polling stations and special polling stations**

The following is issued on behalf of the Electoral Affairs Commission:

In accordance with section 31 (1CA) of the Electoral Affairs Commission (Electoral Procedure) (District Councils) Regulation (Cap. 541F) (Regulation), the Chief Electoral Officer must designate one or more places as a dedicated polling station or dedicated polling stations at which electors in custody are allocated to vote.

In accordance with section 32 of the Regulation, if the polling station designated by the Chief Electoral Officer for a constituency would be difficult of access for persons with a disability, the Chief Electoral Officer must designate one or more polling stations as special polling station or stations to be used for voting by them.

In accordance with section 63A of the Regulation, as there will be no counting of votes inside a dedicated polling station or a special polling station, the Assistant Presiding Officer of the dedicated polling station or the special polling station will deliver the sealed ballot boxes, the sealed packets, and the ballot paper accounts to the main counting station under police escort for counting of votes.

In accordance with section 76(2)(a) of the Regulation, the Presiding

Officer of a main counting station must, when counting the votes at the main counting station, mix the ballot papers that have been delivered to the main counting station from the dedicated polling station and/or special polling station, together with the ballot papers in the ballot boxes at the polling station designated as the main counting station.

---

## **District Council Ordinary Election** **provisional voter turnout**

A total of about 2,940,000 registered electors have cast their votes in the 2019 District Council Ordinary Election yesterday (November 24), representing a provisional cumulative turnout rate of about 71.2%.

The voter turnout figures are for temporary reference only.
