

Very Hot Weather Warning issued

Attention TV/radio announcers:

Please broadcast the following as soon as possible:

The Hong Kong Observatory has issued the Very Hot Weather Warning.

To prevent heat stroke, avoid prolonged activities outdoors.

If engaged in outdoor work or activities, wear a wide-brimmed hat and light-coloured, loose-fitting clothes. Stay in shaded areas as much as possible.

Drink plenty of water, and avoid beverages containing caffeine or alcohol.

If you feel sick, consult a doctor right away.

Apply for travel documents early to avoid summer rush

Hong Kong residents intending to travel abroad during the summer holidays are reminded to apply early for travel documents.

An Immigration Department (ImmD) spokesperson said that with effect from May 14, 2019, the ImmD has provided additional means for submitting Hong Kong Special Administrative Region (HKSAR) passport applications to further enhance service standards. Apart from the existing application means, eligible applicants can also submit applications through the ImmD Mobile Application. New Travel Document Submission Kiosks have also been also put into service at Immigration Headquarters and at all six Immigration Branch Offices. Applicants can choose to submit photographs via the built-in scanner or the new self-service photo-taking function. Eligible applicants with a height of 1.25 metre or more may choose to use the photo-taking function free of charge. The kiosks also employ an Octopus payment function, providing an alternative payment option for the public.

The spokesperson said the processing time for HKSAR passport applications is normally five working days (excluding Saturdays, Sundays and general holidays) after receipt of all necessary documents, the application fee and a photograph. Applications in respect of children under 11 years old not holding a Hong Kong permanent identity card normally take 10 working days. As regards applications submitted by post, via drop-in-box, online or

ImmD Mobile Application, processing might take two to three more working days. Applications for a replacement passport due to loss, damage or amendment of personal data should be made in person, and the processing time may be longer.

The spokesperson emphasised that a request for urgent issue of an HKSAR passport will only be entertained in justifiable circumstances. Normally, no priority will be granted to pleasure trippers.

Applicants who wish to apply for or collect travel documents in person are encouraged to make prior appointments through the Internet (www.gov.hk/tdbooking), ImmD Mobile Application or the 24-hour hotline (2598 0888).

HKSAR passport application forms and information leaflets on application procedures and the requisite documents are available at Immigration Headquarters and Immigration branch offices. For details and application forms, please visit website (www.gov.hk/passport). Enquiries can also be made by telephone (2824 6111), fax (2877 7711) or email (enquiry@immd.gov.hk).

At present, 165 countries and territories have granted visa-free access or visa-on-arrival to HKSAR passport holders. Some places require visitors to have a passport with validity of at least six months.

Moreover, in order to allow greater travel convenience for HKSAR passport holders, the ImmD has co-operated with Korea, Singapore, Germany, Australia and Thailand, where eligible HKSAR passport holders may now use the automated immigration clearance services there. For detailed information, please visit (www.immd.gov.hk/eng/services/automated_clearance.html).

Before travelling abroad, Hong Kong residents can use the Registration of Outbound Travel Information (ROTI) service to register their contact details and itinerary. The information they provide allows the Assistance to Hong Kong Residents Unit (AHU) of the ImmD to contact and assist them in an emergency outside Hong Kong. For more information on ROTI, please visit (www.gov.hk/roti) or call (852) 183 5500. Residents who need assistance while outside Hong Kong may call the 24-hour hotline of the AHU at (852) 1868.

Correctional officers stop remand person in custody attempting suicide by hanging

Correctional officers stopped a 24-year-old male remand person in custody from attempting suicide by hanging in Stanley Prison yesterday (June 26).

At 8.47pm yesterday, a correctional officer found the remand person in custody attempting suicide by hanging himself with a bedsheet tied to the window grille bar of the cell. The officer immediately called for reinforcements to help stop the act. The person in custody was still conscious when found. After examination and treatment by the institution Medical Officer, he was referred to a public hospital for further observation and treatment. A clinical psychologist of the department will follow up on the case.

A spokesman for the Correctional Services Department said, "The department uses all possible measures to prevent persons in its custody from attempting suicide or self-harm. These measures include administrative arrangements, the improvement of institution facilities, staff training and first aid services."

The person in custody was remanded for the offence of fraud in November 2018.

SFH to attend International Council of Nurses Congress in Singapore

The Secretary for Food and Health, Professor Sophia Chan, today (June 27) will depart for Singapore to attend the International Council of Nurses Congress.

The theme of the Congress is "Beyond Healthcare to Health", with discussions focusing on the causes and prevention of ill health and public health. It will also highlight the critical and leading roles that nurses play in addressing issues such as innovations in health and new models of nursing care.

Professor Chan will attend the opening ceremony this evening and give a presentation on tobacco control, health promotion and prevention strategies at a discussion session tomorrow afternoon (June 28). She will also speak at a reception organised by the College of Nursing Hong Kong.

Professor Chan will take the opportunity to share with Congress participants details of the Government's efforts in achieving the targets set in the "Towards 2025: Strategy and Action Plan to Prevent and Control Non-communicable Diseases in Hong Kong".

"By achieving the targets, we hope to reduce the burden posed by non-communicable diseases through promoting a healthy diet, physical activities and reducing alcohol and tobacco-related harms, as well as strengthening the healthcare system," she said.

Professor Chan will return to Hong Kong on June 29. The Under Secretary for Food and Health, Dr Chui Tak-yi, will be the Acting Secretary for Food and Health during her absence.

STH to visit Shenzhen

The Secretary for Transport and Housing, Mr Frank Chan Fan, will visit Shenzhen this morning (June 27) to exchange views with Shenzhen relevant authorities on co-operation on marine matters.

Mr Chan will return to Hong Kong in the afternoon.
