

CHP investigates outbreak of acute gastroenteritis at kindergarten-cum-child care centre in Kwun Tong

The Centre for Health Protection (CHP) of the Department of Health (DH) is today (June 8) investigating an outbreak of acute gastroenteritis (AGE) at a kindergarten-cum-child care centre in Kwun Tong, and hence reminded the public and management of institutions to maintain personal and environmental hygiene against AGE.

The outbreak involves 20 pupils, comprising 11 boys and nine girls aged 3 to 4. They developed vomiting, diarrhoea and fever since June 2. Thirteen of the affected pupils sought medical attention, one of whom required hospitalisation, and her stool specimen tested positive for norovirus. All patients are in stable condition.

According to the CHP's epidemiological investigation, one of the pupils in the outbreak had first vomited at school on June 2. Other pupils then developed symptoms in subsequent days. The outbreak has a higher chance of person-to-person transmission or environmental contamination, while the chance of involving food poisoning is relatively low.

Officers of the CHP have conducted a site visit and provided health advice to the staff of the kindergarten-cum-child care centre concerning proper and thorough disinfection, proper disposal of vomitus, and personal and environmental hygiene. The kindergarten-cum-child care centre has been put under medical surveillance.

Investigations are ongoing.

A spokesman for the CHP reminded that alcohol-based handrub should not substitute hand hygiene with liquid soap and water, as alcohol does not effectively kill some viruses frequently causing AGE, e.g. norovirus. Members of the public are advised to take heed of the following preventive measures against gastroenteritis:

- Ensure proper personal hygiene;
- Wash hands thoroughly before handling food and eating, after using the toilet or after changing diapers;
- Wear gloves when disposing of vomitus or faecal matter, and wash hands afterwards;
- Clean and disinfect contaminated areas or items promptly and thoroughly with diluted household bleach (by adding one part of bleach containing 5.25 per cent sodium hypochlorite to 49 parts of water). Wash hands thoroughly afterwards;
- Maintain good indoor ventilation;
- Pay attention to food hygiene;

- Use separate utensils to handle raw and cooked food;
- Avoid food that is not thoroughly cooked;
- Drink boiled water; and
- Do not patronise unlicensed food premises or food stalls.

The public may visit the CHP's website (www.chp.gov.hk) or call the DH's Health Education Infoline (2833 0111) for more information.

Granting of banking licence to China CITIC Bank Corporation Limited

The following is issued on behalf of the Hong Kong Monetary Authority:

The Hong Kong Monetary Authority announced today (June 8) that the Monetary Authority has granted a banking licence to China CITIC Bank Corporation Limited (CNCB) under the Banking Ordinance. CNCB is incorporated in the People's Republic of China. The granting of this banking licence takes effect today (June 8, 2023).

After the granting of a banking licence to CNCB, the number of licensed banks in Hong Kong is 153.

HAD opens temporary heat shelters

The Home Affairs Department is opening 19 community halls/community centres as temporary heat shelters today (June 8).

The temporary heat shelters will remain open for people to take refuge from the heat when the Very Hot Weather Warning is in force. From 10.30pm to 8am the next day, the temporary heat shelters will also provide bedding and a sleeping place for people in need. The shelters are manned by duty attendants.

For further information, please call the department's hotline before midnight on 2572 8427.

The heat shelters are located at:

Hong Kong Island:
