

# Temporary closure of central lawn, football pitches and basketball courts at Victoria Park (with photo)

An organiser filed a notification to hold a public meeting at Victoria Park today (June 4), for which a Letter of Objection has been issued to the organiser. Police are aware that some netizens are still inciting participation in such unauthorised assembly. Considering public safety, public order, people's rights and freedom, as well as the serious health risks brought by the ongoing pandemic to the society, the central lawn, football pitches, basketball courts and the relevant entrances at Victoria Park (prohibited areas as shown in the photo) have been closed since 2pm today to prevent any unauthorised assemblies.

Police intelligence has shown that an unauthorised assembly is likely to take place at Victoria Park despite objection by the Police. To prevent any unauthorised assemblies from taking place, public access to the above locations has been barred according to Public Order Ordinance (Cap. 245) s17(4). Anyone who knowingly enters or remains in a public place to which access has been closed without permission may breach relevant offences under Public Order Ordinance (Cap. 245) s17A(1c) and is liable to a maximum penalty of 12 months' imprisonment and a fine at level 3.

Police appeal to members of the public to refrain from participating in, advertising or publicising any unauthorised assemblies and prohibited gatherings. According to the Public Order Ordinance, taking part in an unauthorised assembly is liable to a maximum penalty of five years' imprisonment; advertising or publicising an unauthorised assembly is liable to a maximum penalty of 12 months' imprisonment. In addition, taking part in the events may be in breach of relevant offences under the Prevention and Control of Disease (Prohibition on Group Gathering) Regulation (Cap. 599G) (i.e. Prohibition on Group Gathering). Police will keep monitoring the situation and take resolute action to enforce the law.

# Auction of traditional vehicle registration marks to be held on June 12

The Transport Department (TD) today (June 4) announced that the auction of traditional vehicle registration marks will be held on June 12 (Saturday) in Meeting Room N201, L2, Hong Kong Convention and Exhibition Centre, Wan Chai.

"A total of 200 vehicle registration marks will be put up for public auction. The list of marks has been uploaded to the department's website, [www.td.gov.hk](http://www.td.gov.hk)," a department spokesman said.

Applicants who have paid a deposit of \$1,000 to reserve a mark for auction should also participate in the bidding (including the first bid at the reserve price of \$1,000). Otherwise, the mark concerned may be sold to another bidder at the reserve price.

People who wish to participate in the bidding at the auction should take note of the following important points:

(a) Successful bidders are required to produce the following documents for completion of registration and payment procedures immediately after the successful bidding:

(i) the identity document of the successful bidder;  
(ii) the identity document of the purchaser if it is different from the successful bidder;  
(iii) a copy of the Certificate of Incorporation if the purchaser is a body corporate; and  
(iv) a crossed cheque made payable to "The Government of the Hong Kong Special Administrative Region" or "The Government of the HKSAR". (For an auctioned mark paid for by cheque, the first three working days after the date of auction will be required for cheque clearance confirmation before processing of the application for mark assignment can be completed.)  
Successful bidders can also pay through the Easy Pay System (EPS). Payment by post-dated cheques, cash or other methods will not be accepted.

(b) Purchasers must make payment of the purchase price through EPS or by crossed cheque and complete the Memorandum of Sale of Registration Mark immediately after the bidding. Subsequent alteration of the particulars in the memorandum will not be permitted.

(c) A vehicle registration mark can only be assigned to a motor vehicle which is registered in the name of the purchaser. The Certificate of Incorporation must be produced immediately by the purchaser if a vehicle registration mark

purchased is to be registered under the name of a body corporate.

(d) Special registration marks are non-transferable. Where the ownership of a motor vehicle with a special registration mark is transferred, the allocation of the special registration mark shall be cancelled.

(e) The purchaser shall, within 12 months after the date of auction, apply to the Commissioner for Transport for the registration mark to be assigned to a motor vehicle registered in the name of the purchaser. If the purchaser fails to assign the registration mark within 12 months, allocation of the mark will be cancelled and arranged for re-allocation in accordance with the statutory provision without prior notice to the purchaser.

(f) In view of public health concerns, all persons entering the auction venue will have to undergo on-the-spot body temperature checks arranged by the TD. Any member of the public whose body temperature is higher than 37.5 degrees Celsius or who refuses to undergo a body temperature check will be denied entry to the auction hall and the payment office. The TD also requests all persons entering the auction hall and the payment office to wear masks and clean their hands with alcohol-based sanitiser, and to wear masks throughout the duration of the auction and payment process.

(g) In order to reduce the risk of virus spreading, the TD will adjust the distance between seats and the number of seats in the auction hall and the payment office, and implement crowd-control measures. The TD also appeals to the bidders to reduce the number of accompanying persons as far as possible. Furthermore, the auctions in the morning and the afternoon will each be divided into two sessions so as to shorten the duration of crowd congregation. The first session of the morning auction will commence at 9.25am while the second session will begin no earlier than 10.35am. The first session of the afternoon auction will commence at 2.25pm while the second session will begin no earlier than 3.35pm. The auction venue will be disinfected before the commencement of the second sessions. Interested bidders may arrive at the auction venue in accordance with the time schedule for the auction of vehicle registration marks.

(h) In order to more effectively assist the Department of Health in epidemiological investigations and to protect the safety of members of the public and employees, members of the public will be required to scan the "LeaveHomeSafe" QR code or register their names, contact numbers and the date and times of their visits before entering the auction venue (the auction hall and the payment office). As a result of the arrangement, members of the public are advised to remain patient as the waiting time for entering the auction venue may be longer.

For other auction details, please refer to the Guidance Notes – Auction of Vehicle Registration Marks, which can be downloaded from the department's website, [www.td.gov.hk](http://www.td.gov.hk).

## **EMSD announces latest sampling results for legionella at fresh water cooling towers**

The Electrical and Mechanical Services Department (EMSD) today (June 4) announced that the department tested 77 water samples collected from cooling towers in 51 buildings in its routine inspections in May this year. Two samples were detected to have a total legionella count at or above the upper threshold, which is 1 000 colony-forming units per millilitre. The latest statistics are set out in Annex 1.

The cooling towers in which the two samples were collected in May are located at Charming Garden Phase 2, Hoi Wang Road, Mong Kok, and 160-166 Woosung Street, Yau Ma Tei. The EMSD has issued nuisance notices under the Public Health and Municipal Services Ordinance to the owners of the cooling towers requiring appropriate disinfection work to be done. Disinfection of the cooling towers in these two cases has already been completed by the owners. Details of these two cases can be found in Annex 2. The EMSD publishes the latest statistics of the above information on a half-monthly basis on its website ([www.emsd.gov.hk/en/other\\_regulatory\\_services/cooling\\_towers/water\\_sampling/index.html](http://www.emsd.gov.hk/en/other_regulatory_services/cooling_towers/water_sampling/index.html)).

The EMSD reminds the owners of fresh water cooling towers that they have the responsibility to design, operate and maintain cooling towers properly. They should arrange regular inspections, timely maintenance and periodic testing of the water quality in their cooling towers in accordance with the Code of Practice for Fresh Water Cooling Towers issued by the department to prevent the proliferation of legionella.

## **CHP investigates one additional confirmed case of COVID-19**

The Centre for Health Protection (CHP) of the Department of Health (DH) announced that as of 0.00am, June 4, the CHP was investigating one additional confirmed case of coronavirus disease 2019 (COVID-19), taking the number of cases to 11 851 in Hong Kong so far (comprising 11 850 confirmed cases and one probable case).

The newly reported case is an imported case.

A total of 21 cases have been reported in the past 14 days (May 21 to

June 3) and all of them are imported cases.

Separately, subsequent to the announcement by the CHP on the updated quarantine arrangements of local COVID-19 cases with the N501Y mutant strain, the CHP reminded that persons who resided or worked within the same building as the residence of relevant cases and had been released from the quarantine centres will be subject to compulsory testing on days 3, 7, 12 and 19 following the announcement of the relevant confirmed cases by the DH. A compulsory testing notice (CTN) was issued on May 7 ([www.gld.gov.hk/egazette/pdf/202125124e/egn202125124278.pdf](http://www.gld.gov.hk/egazette/pdf/202125124e/egn202125124278.pdf)). They will also be required to undergo self-monitoring until the 21st day.

Specified persons in relation to the following specified premises are reminded to undergo compulsory testing in accordance with the CTN tomorrow (June 5):

– No. 49, Tai Tung Wo Liu Village, Sai Kung.

Members of the public can check the deadlines of compulsory testing for respective specified premises as stipulated in the aforementioned CTN on the Government's website ([www.coronavirus.gov.hk/pdf/CTN\\_Specified\\_premises\\_and\\_Dates\\_of\\_Testing.pdf](http://www.coronavirus.gov.hk/pdf/CTN_Specified_premises_and_Dates_of_Testing.pdf)).

The CHP's epidemiological investigations and relevant contact tracing on the confirmed cases are ongoing. For case details and contact tracing information, please see the Annex or the list of buildings with confirmed cases of COVID-19 in the past 14 days and the latest local situation of COVID-19 available on the website "COVID-19 Thematic Website" ([www.coronavirus.gov.hk](http://www.coronavirus.gov.hk)).

Meanwhile, the CHP reminded those who had visited specified venues under the Prevention and Control of Disease (Compulsory Testing for Certain Persons) Regulation (Cap. 599J) to receive COVID-19 nucleic acid testing according to the CTNs. The Regulation also requires all household members of close contacts of confirmed cases to undergo a COVID-19 nucleic acid test within a specified period according to CTNs published in the Gazette. The public are also urged to seek medical attention early if symptoms develop, and undergo testing as soon as possible.

The Government has launched the COVID-19 Vaccination Programme. Members of the public are encouraged to get vaccinated. Details of the programme can be found at the designated website ([www.covidvaccine.gov.hk](http://www.covidvaccine.gov.hk)).

The CHP called on members of the public to avoid going out, having social contact and dining out. They should put on a surgical mask and maintain stringent hand hygiene when they need to go out. The CHP strongly urged the elderly to stay home as far as possible and avoid going out. They should consider asking their family and friends to help with everyday tasks such as shopping for basic necessities.

The spokesman said, "Given that the situation of COVID-19 infection remains severe and that there is a continuous increase in the number of cases

including mutant strains reported around the world, members of the public are strongly urged to avoid all non-essential travel outside Hong Kong.

"The CHP also strongly urges the public to maintain at all times strict personal and environmental hygiene, which is key to personal protection against infection and prevention of the spread of the disease in the community. On a personal level, members of the public should wear a surgical mask when having respiratory symptoms, taking public transport or staying in crowded places. They should also perform hand hygiene frequently, especially before touching the mouth, nose or eyes. Moreover, vaccination may help keep people from getting seriously ill even if they do get COVID-19, and, generally speaking, vaccines can also reduce the chance of transmission by those who have been vaccinated. People vaccinated with a COVID-19 vaccine can also generate herd immunity. Members of the public are urged to get vaccinated as soon as possible and book their vaccination appointments at the website ([booking.covidvaccine.gov.hk/forms/index.jsp](https://booking.covidvaccine.gov.hk/forms/index.jsp)).

"As for household environmental hygiene, members of the public are advised to maintain drainage pipes properly and regularly pour water into drain outlets (U-traps). After using the toilet, they should put the toilet lid down before flushing to avoid spreading germs."

Moreover, the Government has launched the website "COVID-19 Thematic Website" ([www.coronavirus.gov.hk](http://www.coronavirus.gov.hk)) for announcing the latest updates on various news on COVID-19 infection and health advice to help the public understand the latest updates. Members of the public may also gain access to information via the COVID-19 WhatsApp Helpline launched by the Office of the Government Chief Information Officer. Simply by saving 9617 1823 in their phone contacts or clicking the link [wa.me/85296171823?text=hi](https://wa.me/85296171823?text=hi), they will be able to obtain information on COVID-19 as well as the "StayHomeSafe" mobile app and wristband via WhatsApp.

To prevent pneumonia and respiratory tract infections, members of the public should always maintain good personal and environmental hygiene. They are advised to:

- Wear a surgical mask when taking public transport or staying in crowded places. It is important to wear a mask properly, including performing hand hygiene before wearing and after removing a mask;
- Perform hand hygiene frequently, especially before touching the mouth, nose or eyes, after touching public installations such as handrails or doorknobs, or when hands are contaminated by respiratory secretions after coughing or sneezing;
- Maintain drainage pipes properly and regularly (about once a week) pour about half a litre of water into each drain outlet (U-trap) to ensure environmental hygiene;
- After using the toilet, put the toilet lid down before flushing to avoid spreading germs;
- Wash hands with liquid soap and water, and rub for at least 20 seconds. Then rinse with water and dry with a disposable paper towel. If hand

washing facilities are not available, or when hands are not visibly soiled, performing hand hygiene with 70 to 80 per cent alcohol-based handrub is an effective alternative;

- Cover your mouth and nose with tissue paper when sneezing or coughing. Dispose of soiled tissues into a lidded rubbish bin, then wash hands thoroughly; and
  - When having respiratory symptoms, wear a surgical mask, refrain from work or attending class at school, avoid going to crowded places and seek medical advice promptly.
- 

## **Correctional officers stop fighting among remand persons in custody**

Correctional officers at Lai Chi Kok Reception Centre stopped a fight among two remand persons in custody yesterday (June 3).

At 9.51pm yesterday, two male remand persons in custody aged 21 and 30 engaged in a fight inside a dormitory. An officer immediately called for reinforcement to stop the fight.

During the incident, one of the persons in custody sustained injuries to his face and abdomen. He was referred to a public hospital for further treatment after examination and treatment by the institution Medical Officer. The other person in custody sustained injuries to his head, chest and more. He did not need to be sent out to a public hospital after receiving medical examination and treatment.

The case has been reported to the Police for investigation.

The two persons in custody were remanded for the offences of robbery and remaining in Hong Kong without authority.
