

Government finishes exercise on “restriction-testing declaration” in respect of specified “restricted area” in Ap Lei Chau and enforcement operation for breaches of compulsory testing notice (with photo)

The Government yesterday (April 23) exercised the power under the Prevention and Control of Disease (Compulsory Testing for Certain Persons) Regulation (Cap. 599J) to make a "restriction-testing declaration" effective from 8.30pm yesterday, under which people (hereafter referred to as "persons subject to compulsory testing") within the specified "restricted area" in Ap Lei Chau (i.e. Block 10 (Yee Lai Court), South Horizons, No. 10 South Horizon Drive, Ap Lei Chau) were required to stay in their premises and undergo compulsory testing. Persons subject to compulsory testing were required to stay in their premises until all such persons identified in the area had undergone testing and the test results were mostly ascertained. Moreover, the Government issued a compulsory testing notice yesterday, requiring persons who had been present at the above buildings for more than two hours from April 10 to 23, 2021, even if they were not present in the "restricted area" at the time when the declaration took effect, to undergo compulsory testing on or before April 25. The Government announced the completion of the compulsory testing exercise at around 7.30am today (April 24) and carried out enforcement action in the "restricted area" afterwards to verify that all people in the "restricted area" had undergone compulsory testing in accordance with the requirements of the relevant declaration and compulsory testing notice. The Government announced that the enforcement operation ended at around 10am today.

In this exercise, the Home Affairs Department (HAD) (including the Southern District Office and the Eastern District Office), the Hong Kong Police Force, and the Auxiliary Medical Service mobilised around 120 staff to arrange for implementation of the declaration and enforcement actions for breaches of the compulsory testing notice issued earlier.

The Government provided simple food for persons subject to compulsory testing, including canned food, instant noodles and corn kernels, so as to facilitate the dinner arrangements of some persons subject to compulsory testing. A box of masks and bleach were also provided to persons subject to compulsory testing to help them fight against the virus.

The HAD also set up a hotline for people restricted by the declaration to make enquiries and seek assistance.

The Government thanks persons subject to compulsory testing for their

support and understanding. With everyone's co-operation and efforts, coupled with the tireless efforts of the testing contractors, residents have been informed about their testing results by SMS notification. After finishing the compulsory testing exercise at around 7.30am today, the Government took enforcement action in the "restricted area" immediately to verify that all people in the "restricted area" had undergone testing according to the requirements of the declaration and the compulsory testing notice. Persons who could present an SMS notification containing a negative testing result or wore a wristband as proof of having undergone the compulsory testing could leave the "restricted area" through the designated exit after providing personal information to a prescribed officer. The enforcement operation was completed at around 10am. Test records of around 260 persons subject to compulsory testing were checked. Nobody was found to have not undergone compulsory testing. Taking into account the above situation, the Secretary for Food and Health revoked the "restriction-testing declaration" in accordance with Cap. 599J (see attachment).

The Government hopes that the some 20 households who have not answered the door will contact the Government for arrangement of testing as soon as possible after they read the notices put up by the Government, in the hope of eliminating the possible risk of further spread of the virus in the community.

The Government hopes this temporary inconvenience will completely cut the local transmission chains and ease residents' worries and fear, so that they will regain confidence in resuming social and business activities in the area, and return to a normal life.

The Government thanks all participating government staff and the testing agencies for their hard work. The Government is also grateful to those subject to compulsory testing for their support and understanding, and their full co-operation during this period in undergoing testing and waiting for the results at home.

The Government as a whole is united in fighting against the virus despite all the difficulties, and provided testing for all the residents in the district within a short period of time in the hope of achieving zero cases in the district.

The Government will seriously follow up on the compliance situation of the compulsory testing notices and the "restriction-testing declaration" by persons subject to compulsory testing. Any person who fails to comply with the compulsory testing notices commits an offence and may be liable to a fixed penalty of \$5,000. The person will also be issued with a compulsory testing order, requiring him or her to undergo testing within a specified time frame. Failure to comply with the order or the "restriction-testing declaration" is an offence and the offender may be liable to a fine of level 4 (\$25,000) and imprisonment for six months.

Red flags hoisted at some beaches

Attention TV/radio announcers:

Please broadcast the following as soon as possible:

Here is an item of interest to swimmers.

The Leisure and Cultural Services Department announced today (April 24) that due to big waves, red flags have been hoisted at Stanley Main Beach, Shek O Beach and Big Wave Bay Beach in Southern District, Hong Kong Island; and Clear Water Bay Second Beach in Sai Kung District. Beach-goers are advised not to swim at these beaches.

Key statistics on service demand of A&E Departments and occupancy rates in public hospitals

The following is issued on behalf of the Hospital Authority:

During the service demand surge, the Hospital Authority is closely monitoring the service demand of Accident and Emergency Departments and the occupancy rate in public hospitals. Key service statistics are being issued daily for public information. Details are in the appended table.

Government enforces “restriction-testing declaration” and compulsory testing notice in respect of specified “restricted area” in Ap Lei Chau

The Government yesterday (April 23) exercised the power under the Prevention and Control of Disease (Compulsory Testing for Certain Persons) Regulation (Cap. 599J) to make a "restriction-testing declaration" effective from 8.30pm yesterday, under which people (hereafter referred to as "persons subject to compulsory testing") within the specified "restricted area" in Ap Lei Chau (i.e. Block 10 (Yee Lai Court), South Horizons, No. 10 South Horizon Drive, Ap Lei Chau) were required to stay in their premises and undergo compulsory testing. Persons subject to compulsory testing are required to stay in their premises until all such persons identified in the area have undergone testing and the test results are mostly ascertained. In addition, the Government had issued a compulsory testing notice yesterday to any person who had been present at the buildings for more than two hours from April 10 to 23, 2021, to undergo compulsory testing on or before April 25 even if they were not present in the "restricted area" at the time when the declaration took effect. The Government finished the compulsory testing exercise at around 7.30am today (April 24) and is now carrying out enforcement actions in the "restricted area" to verify that all people in the "restricted area" have undergone compulsory testing. The Government will further announce the revocation time of the declaration.

Starting from around 7.30am today, persons in the "restricted area" in Ap Lei Chau who have undergone testing and are able to present SMS notifications with negative test results or wear wristbands as proof of having undergone testing may leave the "restricted area" through the designated exit after providing personal information to a prescribed officer.

If a 2021 HKDSE candidate needs to leave the "restricted area" for the exam centre before the declaration is revoked, he/she can make a request to the prescribed officers in the "restricted area", regardless of whether the test result has been obtained or not. The prescribed officer may allow the candidate to leave the "restricted area" after verifying that the candidate has undergone testing as required and recording the relevant information of the candidate. Candidates who receive a negative test result on their way to the exam centres will be allowed to sit the exam as scheduled. For the safety of all candidates, only those candidates who have obtained negative results in the nucleic acid test will be allowed to enter the examination hall. For details, please read the relevant press release issued by the Education Bureau earlier: www.info.gov.hk/gia/general/202104/01/P2021040100808.htm

The Government set up temporary specimen collection stations in the "restricted area" yesterday and requested persons subject to compulsory testing to collect combined nasal and throat swab samples at the stations to undergo a COVID-19 virus test before 2am today. As at 2am today, around 950 residents had undergone testing. No confirmed cases were found.

Moreover, the Government also assigned staff to visit around 330 households. Around 30 households did not answer the door. Those include some households with confirmed cases or those undergoing quarantine. Some units are possibly vacant as well. The Government does not have detailed information in this respect and will take measures to follow up.

The Government also understands that some residents already underwent testing at the mobile specimen collection stations set up in the district or by other means. Therefore, persons in the "restricted area" who have undergone testing from April 21 to 23, 2021, and are able to provide the SMS notification through mobile phone or related certification containing the test results, are not required to take the test again.

The Government reiterates that enforcement actions will be taken seriously. Any person who fails to present an SMS notification with a test result or wear a wristband as proof of having undergone testing breaches the compulsory testing notice and may be liable to a fine of \$5,000. The person will also be issued with a compulsory testing order, requiring him/her to undergo testing within a specified time frame. Failure to comply with the compulsory testing order or the "restriction-testing declaration" is an offence and the offender may be liable to a fine of level 4 (\$25,000) and imprisonment for six months.

[Territory-wide flag-selling activity cancelled](#)

The Social Welfare Department (SWD) has been informed by the Tsung Tsin Mission of Hong Kong Social Service that the territory-wide flag-selling activity in public places scheduled to be held today (April 24) has been cancelled, a spokesman for the SWD said.

Details of the charitable fund-raising activities covered by the Public Subscription Permit issued by the SWD, including any updated information, have been published on the GovHK website (www.gov.hk/en/theme/fundraising/search).

For enquiries, please contact Miss Wong of the organisation at 2331 2877.
