

Labour Department to fully resume public services from February 18

To align with the Government's announcement to fully resume normal public services, all service counters and the two occupational health clinics in Kwun Tong and Fanling under the Labour Department (LD) will resume normal opening hours from next Thursday (February 18).

In view of public health considerations, members of the public entering the LD's offices and clinics should wear masks at all times, and comply with infection control measures including temperature checks, using the "LeaveHomeSafe" mobile app or registering their names, contact numbers and the date and time of their visits, and crowd control arrangements.

Members of the public may continue to make use of the department's online services and information (www.labour.gov.hk). Job seekers can use the Interactive Employment Service Website (www.jobs.gov.hk) for job searches. The LD's Telephone Employment Service Centre, all Job Centres and industry-based Recruitment Centres also provide enquiry and employment services by telephone during office hours (telephone numbers and office hours are shown at www.jobs.gov.hk/1/0/WebForm/information/en/our_service/info_jobcentres.aspx).

Applicants for issue of licence or renewal of licence of an employment agency may submit their applications to the office of the Employment Agencies Administration by post (Unit 906, 9/F, One Mong Kok Road Commercial Centre, 1 Mong Kok Road, Kowloon) or email (ea-ee@labour.gov.hk).

For information about employment rights and benefits, members of the public may browse the LD's website at www.labour.gov.hk/eng/faq/content.htm.

Transport Department to fully resume walk-in counter services for licensing services and vehicle examination services from February 18

In line with the Government's announcement to fully resume normal public services, the Transport Department (TD) said today (February 11) that the TD will fully resume licensing services and vehicle examination services with effect from February 18.

Licensing and related services

The TD's Licensing Offices, Public Vehicles Unit, Vehicle Records Office, Driving Licence Records Office, Driving Offence Points Office and Cross Boundary Unit will resume walk-in counter services in full from February 18 to process all licensing and related applications.

At the same time, the TD appeals to members of the public to continue to use online appointment services or submit applications via drop-in boxes at the Licensing Offices, by post or online so as to avoid the gathering of crowds and reduce waiting times at the Licensing Offices. The daily quota for online appointments for renewal of a full driving licence/vehicle licence, application for transfer of ownership of a vehicle, retention, transfer or assignment of a vehicle registration mark, or application for an international driving permit will be around 5 000, while the opening period for online appointments will be 10 weeks.

Vehicle examination services

Regarding vehicle examination services, the TD's Vehicle Examination Centres will resume walk-in applications for vehicle examination appointment services from February 18.

In view of public health considerations, members of the public entering the TD's Licensing Offices and/or Vehicle Examination Centres have to undergo on-the-spot body temperature checks arranged by the TD. Any member of the public whose body temperature is higher than 37.5 degrees Celsius or who refuses to undergo a body temperature check will be denied entry to the premises. The staff on site will also request members of the public to clean their hands with alcohol-based sanitiser before entering the premises and wear masks at all times in the premises.

The TD appeals to members of the public visiting the Licensing Offices and Vehicle Examination Centres to use the venue QR code of "LeaveHomeSafe" displayed at prominent positions at the entrances of the premises and the "LeaveHomeSafe" mobile app. This is to align with the arrangement starting from March 1 that members of the public will be required to use the "LeaveHomeSafe" mobile app before entering government buildings or offices. To reduce the risk of spreading the virus, the Licensing Offices and Vehicle Examination Centres will also strengthen crowd control measures if the situation warrants. To fight the epidemic together, members of the public should follow the instructions given by staff on site.

For enquiries, members of the public can contact the TD offices concerned at the following numbers:

[Marine Department to resume services](#)

In light of the announcement by the Government yesterday (February 10) that government departments will fully resume normal public services from February 18, a spokesman for the Marine Department (MD) announced today (February 11) that, with the exception of surveying services to be conducted outside Hong Kong, all services of the department will resume starting from February 18.

For the seafarers' examination and certification services, the MD has been contacting the candidates whose examination dates have been affected and notifying them of the updated examination dates. Suitable adjustments will be made to the examination arrangements in accordance with the infection control measures implemented.
