

Policy paper: Drought: managing water supply

How water companies plan for dry weather and drought to make sure they can supply water and protect the environment.

Press release: Fishing quota boost distributed across the Union

The government has announced the allocation of additional fishing quota between Scotland, Wales, Northern Ireland and England.

Consultation outcome: Fisheries: apportioning additional quota between the UK administrations

Seeking views on how we should split the additional fishing quota between the UK administrations.

The Fluorinated Greenhouse Gases (Amendment) (EU Exit) Regulations 2021

This instrument corrects deficiencies in two European Union Implementing Regulations relating to restrictions on the use of fluorinated greenhouse gases ("F-gases"). These corrections are necessary to ensure that the legislation continues to operate effectively following the United Kingdom's exit from the EU and now that the Transition Period has ended.

News story: Ferrets to be removed as permitted target species for the DOC 250 spring trap

Statutory Instrument published to remove ferrets as permitted target species for the DOC 250 spring trap following concerns.
