

Press release: Government unveils plans to restore 300,000 hectares of habitat across England

The new schemes will support nature recovery and climate action by rewarding farmers in their local area, alongside sustainable and profitable food production.

Guidance: Avian influenza (bird flu): cases and disease control zones in England

Current and suspected cases of avian influenza (bird flu) in the UK and the disease control measures in place.

Corporate report: Progress report on recycling and recovery targets for England 2020

Progress report on recycling and recovery targets for England as set out in Article 11(2) of the Waste Framework Directive 2008

Form: High risk food and feed of non-animal origin (HRFNAO): official
