News story: Our commitment to corporate social responsibility (CSR)

As a government organisation and a large employer, corporate social responsibility (CSR) is important to us. We're committed to ethical and sustainable business practices. This means we take account of our social, economic and environmental impact. CSR is good for the planet, our employees, customers and communities.

There are 4 main strands to our CSR activities.

1. Environment (estates and environment)

We're committed to reducing our direct impact on the environment by actively managing our waste, emissions and consumption of natural resources.

2. People (human resources, health and wellbeing)

We aim to create a workplace that encourages diversity and equal opportunities for all. We actively encourage professional development through our 5-days-a-year learning programme and support employee health and wellbeing.

3. Procurement (finance and purchasing)

We seek out the most advantageous procurement route for the life of a project. This means 90% of our supply chain contracts are through government frameworks, where suppliers have been tendered, audited and checked against important criteria like financial stability and environmental compliance.

4. Community (volunteering, skills matching and fundraising)

To play a positive role in society, we've built a culture that promotes employee volunteering, skills matching and fundraising. We actively support local businesses and the communities in which we operate.

Origins of our CSR

In 2014, we created our CSR strategy. Its aim was to bring together and recognise the range of CSR activities we were already doing and to outline future commitments under each of the 4 main strands. We wanted to show how we're contributing to sustainable development and adopting responsible behaviours that reflect our core values as an organisation.

Our CSR today

Since 2013, we've raised over £50,000 for charity and this year we've been accredited with the [MIND gold award](#) and the [IIP gold award](#).

Our CSR activities have grown significantly over the last 5 years. We've increased our volunteer days from 3 to 5 days a year. This means each employee now gets 5 days a year to go out and support local projects and charities. We also have CSR ambassadors across the organisation, who help the CSR team set up and run various community projects.

Some of our current team volunteer days include:

- Bute Park Litter Pick
- Cardiff Food Bank
- Cardiff Dogs Home
- Ty Hafan Craft Centre

Our CSR Coordinator, Leanne Hugglestone, spoke to us about her passion for CSR and our responsibilities as a government organisation to help the local community.

Leanne said:

According to 'Business in the Community', a good goal to have for staff volunteering is around the 18 to 20% mark. Last year we hit 28% unique volunteers in Companies House.

[Listen to our podcast.](#)

Leanne explains how we've impacted our community, and the future of CSR at Companies House. From donating our office furniture worth over £40,000, to helping local charities through the knowledge and skills of our staff volunteers.
