

Sustainable Integration of Young People into the Labour Market project call in Cornwall and the Isles of Scilly LEP Area (0C05S20P1763)

Call to run a project to improve progression into the labour market for young people aged 15 – 24 who are NEET or at risk of becoming NEET in the Cornwall and Isles of Scilly LEP area.

Press release: Recreational sea anglers are calling for greater consideration of their needs and better regulation of commercial fishing practices, says new study.

New research by Substance and Centre for Environment, Fisheries & Aquaculture Science (Cefas), funded by Defra, has provided insight into what recreational sea anglers value most when considering fisheries management.

Research and analysis: Attitudes towards data collection, management and development, and the impact of management on economic value of sea angling in the UK

This report provides an understanding of sea angler attitudes towards management so that they can be considered in the development of approaches for the management of recreational fisheries.
