

Consultation outcome: Packaging waste: changing business targets for paper, steel, aluminium and wood

Updated: Summary of responses added (was previously published elsewhere).

We want to know what you think about our plans to introduce new business targets under the Producer Responsibility Obligations (Packaging Waste) Regulations.

The regulations require producers of packaging to make sure that a proportion of the packaging they handle is recovered and recycled.

The proposed changes would set new targets for overall recovery and recycling between 2018 and 2020. It will also set new material specific targets for paper, steel, aluminium and wood.

These changes are being considered because the current targets expire in 2017.

Guidance: Protected food name: Forfar bridies

Updated: Added the latest product specification.

We are in the process of applying to the EU to get Protected Geographical Indication (PGI) status for this product.

The EU [protected food name scheme](#) covers regional and traditional foods whose authenticity and origin can be guaranteed.

The EU will only give a product the PGI mark if they decide it has a reputation, characteristics or qualities that are a result of the area it's associated with.

Guidance: Protected food name: Cambrian Mountains lamb

Updated: Updated as the consultation period for this product has now ended.

We have applied to the EU to get Protected Geographical Indication (PGI) status for this product.

The EU [protected food name scheme](#) covers regional and traditional foods whose authenticity and origin can be guaranteed.

The EU will only give a product the PGI mark if they decide it has a reputation, characteristics or qualities that are a result of the area it's associated with.
