

# **The Agriculture, Environment and Rural Affairs (Amendment) (Northern Ireland) (EU Exit) Regulations 2019**

This instrument makes drafting amendments to six Northern Ireland Statutory Rules (SRs) in order to ensure operability of those SRs as a result of the United Kingdom's exit from the European Union. It also amends four Northern Ireland EU Exit Statutory Instruments (SIs). It does not introduce any changes to policy and simply ensures the continuity of a functioning statute book in Northern Ireland.
