

# Corporate report: Generic Disposal System Safety Case for a Geological Disposal Facility: transport safety assessment

## **Transport Safety Assessment**

- Generic Transport System Safety Assessment
  - Transport Package Safety Report
- 

# Corporate report: Generic Disposal System Safety Case for a Geological Disposal Facility: operational safety assessment

## **Operational Safety Assessment**

- Volume 1: Non-radiological and construction
  - Volume 2: Normal operations
  - Volume 3: Accident safety assessment
  - Volume 4: Criticality safety assessment
  - Generic Operational Environmental Safety Assessment
- 

# Corporate report: Generic Disposal System Safety Case for a Geological Disposal Facility: environmental safety assessment

This Post-Closure Safety Assessment (PCSA) presents the results of quantitative assessments of the long-term environmental safety of radioactive waste

disposal in a  
geological disposal facility (GDF).

---

## **Corporate report: Generic Disposal System Safety Case for a Geological Disposal Facility: environmental and sustainability assessments**

The Environmental and Sustainability Assessments are set out in 3 documents:

- Generic Environmental Assessment
  - Generic Socio-Economic Assessment
  - Generic Health Impact Assessment
- 

## **Corporate report: Generic Disposal System Safety Case for a Geological Disposal Facility: disposal system specification**

The Disposal System Specification is described in four documents:

- Disposal System Specification Part A: High Level Requirements
- Disposal System Specification Part B: Technical Specification
- Derived Inventory Report
- Derived Inventory: Scenarios Report
