

Guidance: Livestock assembly centres and dealers: approved premises

Updated: Updated assembly centres

Livestock assembly centres and dealers used in the veterinary field for intra-community trade (EU) must be licensed by the Animal and Plant Health Agency (APHA) to operate.

Businesses and premises in Northern Ireland are approved on behalf of APHA by [DARDNI](#).

Collection: Green belt statistics

Updated: Added 'Local authority green belt statistics for England: 2017 to 2018'.

These statistics present information on designated green belt land in England by local authority.

Feedback

We are interested in understanding more about how our land use data is used and the decisions they inform. This is important for us so we can provide a high quality service which meets users' needs.

We would be grateful if you could spend 3 minutes completing this [survey](#). Otherwise contact us at planning.statistics@communities.gov.uk.

Statutory guidance: SR2012 No 15: storage of electrical insulating oils

Updated: Added to 'details' section: You can apply online for most standard rules environmental permits.

The oils will normally be destined for recovery and re-use, although some of the oil may be unsuitable and will be disposed of.

You can apply online for most standard rules environmental permits.
