

Historic import of british sheep genetics

Cabaña Las Magnolias received its first shipment of Texel embryos, a British sheep breed of high genetic value. Las Magnolias had taken the previous steps to import embryos of Hampshire Down and Texel sheep on 21 September, with the advice of Cabaña Don José de Uruguay for the Texel breed, and Cabaña Don Luís for the Suffolk breed.

This acquisition comes a year after the opening of imports from the UK, achieved through coordinated work between the Paraguayan Association of Sheep Breeders (APCO), the Association of Texel Producers, the National Animal Health and Quality Service (SENACSA) and the British Embassy in Paraguay.

Speaking to local media, Las Magnolias owner Johanna Bottrel said:

It was a historic event for Paraguay (. . .) the arrival of the Texel breed embryos from the UK, they are the first embryos to arrive in our country.

It is something to celebrate at a national level for the sheep-culture, especially for the Texel breed, it is like moving ten steps forward.

As part of the local activities for the promotion of British genetics, the Texel Paraguay Association and Cabaña Las Magnolias will present a field trip "Why use Texel?" next Saturday, October 8th from 9:00 to 13:00 hours, at the headquarters of Las Magnolias in Coronel Oviedo. For more information about this event, please contact (0972) 139 560.

Sheep development cooperation

The Department for International Trade (DIT) of the British Embassy in Paraguay began conversations in mid-2020. Working with SENACSA and its British counterpart, the Department for Environment, Food and Rural Affairs (Defra), Paraguay opened its market for imports of British sheep genetics after a 10-month bilateral technical dialogue.

Following the opening of the market, DIT in conjunction with the British Organisation for Technology, Genetics and Agriculture (UKTAG) organised a trade mission to the UK in June 2022. Three sheep breeders from Paraguay participated and visited the genetic establishments in England.

Gonzalo Grosso, DIT Officer in Paraguay said:

All this is possible thanks to the joint work, and especially thanks to the collaboration with SENACSA. We will continue to build

on the progress made so far, promoting British sheep farming in Paraguay.

UK's ovine leadership

The UK is one of the top 10 sheep-producing countries in the world, and the largest in Europe in terms of numbers and exports, with some 90 sheep breeds. Paraguay already has local producers breeding British breeds of sheep, such as Hampshire Down and Texel, the latter being a British-Dutch hybrid. This new achievement reaffirms Paraguay as a centre for the production of world-class sheep genetics.

United Kingdom offers export certification for:

- sheep semen and embryos to the 27 members of the European Union
- semen to Brazil, Canada and the United States
- semen and embryos to Chile, Guyana, Mexico, New Zealand and other countries

The Student Loans Company pays £2.6bn in funding to students across the UK

Over £2.6bn has been paid to 1.1m students in the first term of the 22/23 academic year, according to figures released today* by the Student Loans Company (SLC).

The organisation, which administers student finance on behalf of the UK Government and the Devolved Administrations in Scotland, Northern Ireland and Wales, has now completed the majority of first term Maintenance Loan payments to students across the UK. Payments will continue to be made to students who are due to start courses in the coming weeks.

For the third year in a row SLC has increased the number of applications that it has had processed and ready to pay to students by term start.

Chris Larmer, Executive Director of Operations, at SLC said: "SLC exists to enable opportunity for students to invest in their future through access to trusted, transparent, flexible and accessible student finance services. We are pleased to have reached this important milestone where we have completed first term Maintenance Loan payments for the majority of students, ensuring they have started the new academic year with their funding in place."

Although the majority of students will now have received their first payment,

not all of them will get their full entitlement straight away. Eligible applicants who applied late will be awarded the minimum Maintenance Loan amount first, followed by a top-up payment if they are entitled to more funding. Payment can only be released to students once their higher education institution has confirmed their registration. [More information about applying late can be found here.](#)

SLC has continued to develop its provision of online information throughout this payment cycle – creating new resources including a common questions area, with a dedicated section on payment, which students can access via their online accounts.

Chris added: “September is always our busiest month, and this year has been no exception. We have experienced a high volume of calls and we are grateful to our customers for their patience when contacting us. We have made important improvements in our online experience this year – we are committed to improving our customer experience and this work will continue.

“Our focus now turns to paying Tuition Fees on behalf of students, with payments starting to be made to education providers from early November.”

SLC does not set the minimum or maximum amount of financial support that students can receive each academic year, however, the organisation is aware that many students will have concerns around this time about their finance and we will continue to help promote the support available to them.

For example, if a student’s application is income assessed and their household income has decreased by 15% or more since the last tax year, they can apply for a Current Year Income Assessment (CYI). This means their application can be reassessed using their estimated current tax year income instead. More information can be found at :

<https://www.gov.uk/support-child-or-partners-student-finance-application/current-year-income>. Students are also encouraged to check they have applied for the maximum amount of funding available to them which they can do via their online account.

Chris said: “We want to assure customers that we will support them as best we can. However, if a student is experiencing financial hardship, they should speak to their university or college in the first instance. They may be able to offer help and advice as well as access to financial support via hardship funding. They may also direct students to other organisations offering support.”

Further Information to help students understand their living costs can be found at [Understanding student living costs – GOV.UK \(www.gov.uk\)](#)

*Please note these are provisional figures. Full year figures are published in SLC’s Student Support for Higher Education statistical release, which will be published on 24 November 2023.

UN Human Rights Council 51: UK statement on Syria

Thank you, Mr President,

I have the honour to present draft resolution L.18 on the human rights situation in the Syrian Arab Republic, on behalf of a group of states: France, Germany, Italy, Jordan, Kuwait, the Netherlands, Qatar, Turkey, the United States, and the United Kingdom.

Mr President,

Month after month, year after year, the situation on the ground in Syria continues to deteriorate before our very eyes. Human rights violations remain widespread and systematic. The now critical humanitarian situation is exacerbated by the insecurity which the regime and its backers continue to provoke.

The Commission of Inquiry recently warned this Council that we risk further dire consequences if this trajectory continues.

In our draft resolution, we specifically focus on developments in Syria over the last six months.

Targeted attacks on civilians, in their homes, at markets, have killed innocent women and children.

Civilians are being deprived of food, water, and the basic needs required simply to survive.

Those in detention continue to suffer appalling conditions, ill-treatment and torture.

Meanwhile families endure a different type of torture, that of not knowing if and when they will see ever their loved ones again.

Mr President,

This Council cannot turn away, cannot stay silent, when it comes to the regime's blatant disregard for the rights and lives of its people.

The resolution put forward today condemns the lethal violence inflicted on the Syrian people; demands that critical humanitarian aid is delivered without hindrance; and calls for further support for those seeking the fate of their loved ones, in the face of very real threats to their safety and their livelihoods.

Let me, Mr President, thank all those delegations who have engaged

constructively in the informal consultations on this resolution.

Given the lives lost, the suffering endured and the unwillingness of the regime to protect the Syrian people, the very least this Council can do is to adopt this resolution. Together, we can send a message that the world has not forgotten the people of Syria.

If a vote is called on this resolution, I urge our fellow members of this Council to vote in favour of it.

Joint Communiqué of the British-Irish Intergovernmental Conference

The Government of Ireland was represented by the Minister for Foreign Affairs, Mr Simon Coveney TD, and the Minister for Justice, Ms Helen McEntee TD. The Government of the United Kingdom of Great Britain and Northern Ireland was represented by the Secretary of State for Northern Ireland, the Rt Hon Chris Heaton Harris MP, and the Minister of State for Northern Ireland, Mr Steve Baker MP.

The Conference was established under Strand Three of the Belfast / Good Friday Agreement “to promote bilateral co-operation at all levels on all matters of mutual interest within the competence of the UK and Irish Governments”.

The Conference discussed the following:

British-Irish Cooperation

The Irish and UK Governments agreed on the importance of strong British-Irish relations to address present day global challenges and unlock the significant economic potential of both countries.

The Conference discussed the ongoing work to enhance relations between the UK and Irish Governments. Attendees identified a range of high-value areas for deeper cooperation, with particular focus on cyber, energy, research and innovation.

Political Stability

The UK and Irish Governments reaffirmed their commitment to doing everything possible to facilitate the re-establishment of the Executive by 28 October and the full functioning of all of the political institutions established by the Belfast / Good Friday Agreement including the North South Ministerial Council. They agreed on the importance of respecting the Agreement in totality. They agreed this is what people in Northern Ireland expect and

deserve. The Conference noted the ongoing discussions to address issues around the Northern Ireland Protocol and to find an agreed way forward. The Conference noted that the Secretary of State for Northern Ireland would come under a legal duty to call further elections to the Northern Ireland Assembly if the Executive is not restored by 28 October.

The Conference agreed to continue close co-operation in accordance with the three stranded approach established in the Belfast / Good Friday Agreement.

Security Co-operation

The Conference examined the current security situation in both jurisdictions. Both the UK Government and the Irish Government noted the importance of the ongoing high level of co-operation in tackling terrorism, paramilitarism and associated criminality. It considered the fourth report of the Independent Reporting Commission and its recommendations. The UK and Irish Governments expressed their thanks to the Commission for their ongoing work.

Rights and Citizenship Matters

The Conference discussed the Common Travel Area protections in the context of policy and legislative developments. The UK and Irish Governments reaffirmed their commitment to the reciprocal rights and privileges provided to UK and Irish citizens under the Common Travel Area.

The Conference also discussed recent developments and legislation relevant to the implementation of the rights and citizenship provisions of the Belfast / Good Friday Agreement. An update was also provided on the implementation of the Nationality and Borders Act.

Legacy

The Conference discussed the approach to the legacy of Northern Ireland's past and the value of further engagement on this crucial issue, in particular the Irish Government's concerns with the UK Government's proposed legislation and how those concerns might be addressed. The UK and Irish Governments also discussed issues of concern in respect to a number of individual legacy cases.

25th Anniversary of the Belfast / Good Friday Agreement

The Conference noted the 25th Anniversary of the Belfast/Good Friday Agreement next year and agreed on the importance of collectively marking this historic moment.

Future Meetings

It was agreed that the Conference should meet again in January 2023.

BEEP doctors boosted by Sellafield Ltd donation

News story

Sellafield Ltd has donated almost £90,000 towards emergency care services in Cumbria.

Sellafield Ltd CEO, Martin Chown and head of community and development, Gary McKeating with BEEP doctors and their new vehicles.

Sellafield Ltd is helping to save lives in Cumbria following a donation of almost £90,000 towards emergency care services in the region.

BEEP Doctors (BASICS) Cumbria, a charity providing skilled volunteer doctors who can rapidly respond to accidents and emergencies, received the donation via our Social Impact Multiplied (SiX) programme earlier this year.

The funding has enabled the charity to buy two brand new vehicles that will be used by BEEP Doctors in Allerdale and Copeland to respond to emergencies such as road traffic collisions or domestic accidents.

Cumbria's team of 12 volunteer doctors work 24 hours a day, seven days a week to provide enhanced pre-hospital emergency care and surgical procedures that are not normally possible until a patient reaches hospital.

Until now BEEP Doctors in West Cumbria had used their own vehicles to reach incidents, but they now have two fully marked emergency vehicles with 'blues and twos' and unmissable BEEP Doctors branding.

The BEEP Doctors paid a visit to Sellafield recently to showcase the new vehicles.

Dr Theo Weston MBE, BEEP doctors Cumbria chair, said:

The new vehicles should allow us to reach patients quicker because

they're more visible and reliable.

They also have a much larger boot space so we can carry more specialised kit and provide vital interventions.

This will really improve our ability to respond quickly and effectively, and potentially save more lives.

Gary McKeating, Sellafield Ltd's head of community and development said:

The BEEP Doctors do amazing work in our communities and we are thrilled to be able to provide funding for the charity to purchase two new vehicles.

Targeted support for services that enable crisis care for the local community is a key strand of our social impact programme and I'm proud that our funding will help the BEEP Doctors save even more lives across our region.

You can find out more about the work of the BEEP Doctors and make a donation at www.beepdoctors.co.uk
