## **News story: Avian flu confirmed in a backyard flock near Thornton, Wyre, Lancashire**

H5N8 avian flu has been confirmed in a backyard flock near Thornton, Wyre, Lancashire.

The UK's Deputy Chief Veterinary Officer has confirmed H5N8 avian flu in a backyard flock of chickens and ducks near Thornton, Wyre, Lancashire. A 3 km Protection Zone and a 10 km Surveillance Zone have been put in place around the infected premises to limit the risk of the disease spreading. We have published [full details of the controls in place](#).

The flock contains nine birds. A number had died and the remaining live birds at the premises will be humanely culled. A full investigation is under way to determine the source of the infection.

Public Health England advises that the risk to public health from the virus is very low and the Food Standards Agency is clear that bird flu does not pose a food safety risk for UK consumers.
