

Statement to Parliament: East Midlands rail franchise pre-qualification

Today (1 March 2017) the Department for Transport [has announced](#) that the following companies have successfully pre-qualified to bid in the competition for the East Midlands franchise, to run rail passenger services from November 2018:

- Arriva Rail East Midlands Limited, a wholly owned subsidiary of Arriva UK Trains Limited
- First Trenitalia East Midlands Rail Limited, a joint venture company wholly owned by First Rail Holdings Limited and Trenitalia UK Limited
- Stagecoach East Midlands Trains Limited, a wholly owned subsidiary of Stagecoach Transport Holdings Limited

In order to pass the pre-qualification evaluation each of the prospective bidders had to demonstrate that they have the financial strength, safety and operational experience to run this important franchise. This announcement marks another key milestone in the rail franchising programme and is the next step in delivering real benefits for the passengers along the East Midlands routes.

In due course, once the 'Invitation to tender' has been issued, the bidders will be required to submit plans to demonstrate how they will deliver the enhancements for passengers using the East Midland services.

The department will evaluate the submitted bids to determine passenger benefits, deliverability, and value for money.

As for all rail franchise competitions, and as is consistent with the Secretary of State's duty, the department will ensure that alternative plans are in place for the continued running of passenger services in the event that the department determines that the bids would not provide services in the most efficient or economic manner.

The two ministers will hold a series of high-level meetings with President Poroshenko, Prime Minister Groysman, Deputy Prime Minister Klymush-Tsyntsadze and Foreign Minister Klimkin.

The visit marks 25 years of diplomatic relations between both the UK and Poland with Ukraine. It is also three years since the start of Russia's aggression against Ukraine and its flagrant breach of international law with its illegal annexation of Crimea. The UK and Poland fully support Ukraine's sovereignty. Crimea is Ukraine and Russia must return it.

The UK and Poland are also two of the largest contributors to the OSCE's Special Monitoring Mission to Ukraine, which monitors the ceasefire and withdrawal of heavy weapons in eastern Ukraine.

"I am delighted to be visiting Ukraine again so soon and I am particularly pleased to be joined by Foreign Minister Waszczykowski. The UK will continue to play a full part on European security questions as we prepare to leave the EU.

"This visit reinforces our unwavering support for Ukraine. The UK remains

committed to defending Ukraine's sovereignty. We are adamant that Russia's annexation of Crimea is illegal and we urge Russia to return it.

News story: East Midlands rail franchise: 3 firms make the shortlist

The names of the 3 train operating companies in the running for the next East Midlands franchise competition were [announced today](#) (1 March 2017) by the Department for Transport.

After submitting an expression of interest, the following have been successfully shortlisted:

- Arriva Rail East Midlands Limited, a wholly owned subsidiary of Arriva UK Trains Limited
- First Trenitalia East Midlands Rail Limited, a joint venture company wholly owned by First Rail Holdings Limited and Trenitalia UK Limited
- Stagecoach East Midlands Trains Limited, a wholly owned subsidiary of Stagecoach Transport Holdings Limited

Rail Minister Paul Maynard said:

A flourishing rail network brings real growth and prosperity to the region it serves. That is why we are making the biggest investment in the national rail network in more than 100 years to deliver the safer, faster and more comfortable journeys that passengers want.

At the same time, Network Rail is working on improvements which by 2019 will enable the next East Midlands franchise to deliver more carriages and faster journeys over the whole route, including almost twice as many seats into London St Pancras in the peak hours.

I am delighted that all these first-class companies have demonstrated their confidence in our vision for the future of the rail industry in Great Britain by bidding for this key franchise.

The new franchise is vital in supporting government ambitions to make the Midlands region an engine for growth by improving connections within and outside the region and supporting the East Midlands industry and leisure economy.

In particular, ministers want to improve the quality, frequency and timings of journeys on the east of the franchise network and to seek to develop new services and connections.

The new franchisee will also be expected to satisfy predicted growth in demand, in particular into London St Pancras, but also for local crowded services like Derby-Crewe.

Though the current franchise, operated by East Midlands Trains Limited, is due to end on 4 March 2018, the Secretary of State has used his powers to extend it further by up to a year.
