

Casement must now be delivered – Ní Chuilín

Commenting today following the decision to recommend planning approval for the new Casement Park stadium, Communities Minister Carál Ní Chuilín has said she is determined the project now progresses without further delay.

Applications invited for the Northern Ireland Building Regulations Advisory Committee

The Department of Finance has launched a public appointment competition to recruit six members to the Northern Ireland Building Regulations Advisory Committee (NIBRAC).

Statement in response to NIAO report on generating electricity from renewable sources

Renewable electricity has been the major success story in Northern Ireland in our efforts to address climate change. The NI Renewables Obligation (NRO) has been the support mechanism behind this achievement. The majority of the NRO related issues identified in the Northern Ireland Audit Office (NIAO) report focus on a subset of two technologies which represent a small proportion of the renewable electricity generation supported by the scheme.

Minister Ní Chuilín announces design

work on new public realm scheme for Derry

Communities Minister Carál Ní Chuilín has announced that design work is to get underway on a new public realm scheme for Harbour Square in Derry that will also incorporate new artwork celebrating factory workers.

Long praises Maghaberry Prison fundraising efforts for Air Ambulance NI

Recycling and horticultural projects by staff and prisoners at Maghaberry during the Covid pandemic have raised £5,100 for Air Ambulance NI.
