

DfI Statement in relation to MOT car and light vehicle tests

DVA is currently carrying out checks on vehicle lifts in its MOT test centres, following the identification of faults. This is precautionary and to ensure the safety of staff and customers. It is anticipated that these inspections will be completed today and any necessary repairs will be carried out as soon as possible. As and when test centres have been inspected and any necessary repairs completed, they will immediately become operational.

Updated Statement in relation to MOT car and light vehicle tests:

A Department for Infrastructure spokesperson said:

“DVA is continuing to carry out checks on vehicle lifts in its MOT test centres, following the identification of faults. This is precautionary and to ensure the safety of staff and customers.
