

Time to press ahead on Hyponatraemia inquiry recommendations – Swann

Health Minister Robin Swann has commented on ongoing work to implement the recommendations from the Inquiry into Hyponatraemia Related Deaths.

Digital Engineering Assured Skills Academy opens for applications

Working with the global innovation and transformation consultancy PA Consulting (PA), the Department for the Economy is offering 22 high quality training places in its Digital Engineering Assured Skills Academy.

Mallon visits MOT staff and announces review

Infrastructure Minister Nichola Mallon was in the DVA's Boucher Road test centre this afternoon to meet staff and centre managers regarding the ongoing disruption.

Statement from Paul Duffy, Chief Executive of the Driver and Vehicle Agency

Following further inspections of lift faults in MOT centres, the contractor has not provided sufficient assurance to DVA this evening on the effectiveness of the ongoing repairs. To ensure the health and safety of staff and customers and as a precautionary measure, DVA has suspended all MOT testing for cars and light vehicles with immediate effect. Tests on heavy

goods vehicles and buses will continue.

Infected Blood Payments Announced by Swann

Health Minister Robin Swann has announced payments for people who were diagnosed with Hepatitis C or HIV after receiving NHS-supplied infected blood.
