

The interpretative statements

If these new texts change something, then why isn't that reflected in a changed text for the Withdrawal Agreement?

I have not had a reply to my letter to the Attorney General about the other aspects of the Agreement which concern me, and received no good answer when I raised these points last night following the government Statement. Parliament should be shown the legal advice on EU determination of the payments under the Agreement, the role of the ECJ in disputes and the capability of the EU to legislate against UK interests throughout the negotiation period or so called transition.
