

Trade with the EU

The EU has failed to approve the Astra Zeneca vaccine and have said they need to take more time to check it out. Now they are also saying that they want more of it delivered than the company can currently produce. That is a matter to be sorted out between the EU and the company. The EU then threatens to interrupt exports contracted by customers outside the EU as punishment for difficulties in supplying sufficient vaccine under another contract.

Supporters of the EU are always telling us they uphold the legal and international order. This looks like the opposite.

The EU are also making life difficult for business in GB, Northern Ireland and the Republic by their interpretation of rules and the Protocol. It is high time the U.K. legislated to restore the integrity of the U.K. single market. No goods going to and from GB and Northern Ireland should face any additional impediments compared to transit of goods within GB. Any goods certified to travel onto the Republic from Northern Ireland can be treated in accordance with EU import requirements by agreement between the EU and U.K. or by the EU at their border.
