## <u>Transport Department completes</u> <u>replacement of roadside parking meters</u> <u>by new parking meters</u>

The Transport Department (TD) said today (January 17) that, as one of the smart mobility initiatives, the replacement of about 9 800 existing roadside parking meters in Hong Kong by new ones has been completed to replace the old Octopus card-operated parking meters.

The new parking meters support the payment of parking fees through multiple means, and are equipped with sensors to detect whether a parking space is occupied. The new meters also support on-site and remote payments of parking fees through the mobile application "HKeMeter". Details are available at the TD's website

(<a href="www.td.gov.hk/en/transport\_in\_hong\_kong/parking/parking\_meters/npm/index.htm">www.td.gov.hk/en/transport\_in\_hong\_kong/parking/parking\_meters/npm/index.htm</a>
<a href="line">L</a>). For enquiries, members of the public can call the 24-hour service hotline at 2332 3700.

Moreover, the TD reminds holders of e-Park cards who wish to apply for a refund must visit designated outlets on or before June 30, otherwise no refund can be made. Details of refund locations are as follows:

Address	Exchange Building, 3 Hennessy Road,	G/F, HKT Tsuen Wan Exchange Building, 303-313 Castle Peak Road — Tsuen Wan, Tsuen Wan
Enquiry Hotline	2332 3700	
	9am — 7pm on Mondays to Saturdays (except Sundays and public holidays)	

The e-Park card is an electronic stored value card launched by the TD in 1998 for the use of the then e-Park card parking meters. The e-Park card parking meters ceased operation in late 2004 and were replaced by the Octopus card-operated parking meters.
