Meetings in July and August between the Environment Agency and Sutton Harbour Group and harbour users recognised that the [scheduled £3m of maintenance work needed to happen to replace worn underwater lock gate cills and other key maintenance items.](#)

The discussions yielded many helpful comments, including the need for the work to be put back to allow for more conversation about ways to mitigate impact. The Environment Agency and Sutton Harbour Group agree with the feedback received and are grateful to all who have expressed interest in this project.

No new date has been set, but the works will commence in 2023. Further engagement is now planned with working groups currently being established representing the fishing fleet and berth holders. These groups will provide the opportunity to inform the project in finding an optimum time and supplemental alternative arrangements to facilitate the carrying out of the essential work.

Further feedback gained from the meetings to date will also be considered. The schedule for the working sessions and rescheduling of the stakeholder meetings previously announced will be published in due course.

The maintenance work involves replacing worn underwater lock gate cills, to ensure the locks can continue to reduce flood risk and provide commercial and

amenity benefit to Plymouth. Funding for the works is allocated and the works must be completed no later than April 2024 to maintain the harbour's integrity, reduce any risks of further damage from delaying the repairs, and provide essential flood protection.

[Community support funding announced for people of Liverpool](#)

News story

Home Secretary made the announcement on a visit to Liverpool.

The Home Secretary has today- announced a £150,000 package to support the communities of Liverpool and Knowsley in the wake of the tragic shootings in the city. This will provide specialist trauma informed support in nearby schools, as well as mental health provisions for those closely affected.

Following the horrific killings of Sam Rimmer, Ashley Dale and Olivia Pratt-Korbel in Merseyside within a week of each other, the Home Secretary also announced £350,000 to expand the 'Clear, Hold, Build' pilot to other areas in Merseyside affected by Serious and Organised Crime.

The pilot sees both a proactive policing response and multi-agency working to support communities worst affected by Organised Crime Groups to make them more resilient and less susceptible to their activities.

Home Secretary Priti Patel said:

The whole country has been appalled at the spate of violence in Liverpool over the past couple of weeks, which has tragically left 9 people dead, including 9 year old Olivia.

The impact on the wider community is immense, which is why we are providing funding for specialist trauma and mental health support for those who need it, as well as expanding the 'Clear, Hold, Build' pilot to disrupt Merseyside's corrosive and deadly Organised Crime Groups.

We will stop at nothing to drive down serious violence and ensure that fewer families have to endure the pain of losing a loved one in this way.

Established in the Birkenhead area of Merseyside in January 2022, the pilot has focused on making sustainable reductions in firearms and knife crime offences, whilst improving community confidence and delivering preventative programmes to over 2,000 young people in the area.

Priti Patel made the announcement on a visit to Liverpool today where she met with Merseyside Police's Chief Constable, to receive an update on the investigation, and then with the local policing commander to understand the impact the violence has had on the community and what resilience plans are being put in place.
