

Tim Farron wins the BBC TV debate

Tim Farron came out on top of tonight's debate showing that he is the voice for those people who want a brighter future than Theresa May's cold, mean-spirited vision for Britain.

He will stand up for the people of Britain on Brexit, the NHS and schools.

Ed Davey, Liberal Democrat Campaign Spokesperson, said: "Tim Farron is a leader with principles and passion."

"Tim showed that he has the determination to stand up to the Conservatives over their dementia tax, their cuts to the NHS and schools and to their extreme version of Brexit that will cost jobs and put up prices.

"Unlike Jeremy Corbyn, Theresa May and Paul Nuttall, Tim trusts the people on Brexit and will give them the final say on the Brexit deal, not the politicians.

"Tim Farron showed that he is the voice for those people who want a brighter future than Theresa May's cold, mean-spirited vision for Britain. He will stand up for people like you on Brexit, the NHS and schools.

"Theresa May was the big loser tonight. The fact that Theresa May wasn't here tonight tells you exactly what she thinks about you. She is taking you for granted.

"Jeremy Corbyn voted for Brexit alongside UKIP and the Conservatives. He has written Theresa May a blank cheque to do as she pleases."

Why isn't Theresa May challenging Trump on climate change? The future of the planet depends on it.

As the Lib Dem Climate Change Secretary, I think it's an utter disgrace that Trump is preparing to withdraw from the Paris Climate Change Agreement. He clearly has utter contempt for science and the planet.

What's also disgraceful is Theresa May's failure to challenge him. Where are the Conservatives' priorities? Where's their foresight? Where's their courage?

The Liberal Democrats are calling on Theresa May to urgently speak out and

oppose Donald Trump's planned withdrawal. Why?

Because the deal was the result of two decades of international negotiations – a huge positive step forward for the future of humanity. And now, because of political insanity and cowardice, it's on the brink of unravelling. This could be a disaster for our environment and a betrayal of every generation to come.

It's time for Theresa May to speak out. She must join the Liberal Democrats and the global scientific community, in condemning President Trump publicly.

This is too important for Britain to stay silent.

If you support our progressive policies on the environment, vote Lib Dem on 8th June.

[Theresa May must turn up to the TV debate](#)

Theresa May called this election, but now won't even turn up to debate the issues. I think her elusiveness, just like her policies, demonstrates her utter lack of regard for the British people.

She's clearly terrified of having to defend the cruel and heartless policies in the Conservative manifesto, 20 of which she's said she'll review AFTER the election.

This is simply not good enough.

From Brexit to the Dementia Tax, to restricting winter fuel payments and capping energy bills, Theresa May is keeping us in the dark on these issues. What is she plotting? How cold and mean-spirited will her vision for Britain become? The British people deserve to know.

The more Liberal Democrat MPs are elected, the more we can hold Theresa May to account on her yet-to-be finalised policies.

If you support us in our bold opposition, vote Lib Dem on 8th June.

Thank you,

Tim Farron

[News story: Minister Ellwood statement on death sentences in Gaza](#)

I strongly condemn the three death sentences carried out in Gaza on 25 May. This decision reflects a worrying trend of increasing use of the death penalty in Gaza.

It is the long-standing position of the UK to oppose the death penalty in all circumstances. We have repeatedly called for the de facto authorities in Gaza to respect the Palestinian Authority's moratorium on implementation of the death penalty.
