[Let's hold 50,000 conversations on independence: Keith Brown](#)

It's hasn't even been three months since the First Minister tasked me with building the case for independence but I'm pleased to say we're already making progress.

Investment in more mental health experts is crucial for the future of young people

Mental health is one of the most important public health issues in Scotland today, and that's why I was so pleased to see the SNP Scottish Government announce the introduction of 350 counsellors in schools across the nation, ensuring that every secondary school will have a counselling service.
