

Visit of Jacob Rees Mogg to Wokingham

Wokingham Conservatives were pleased to have Jacob Rees Mogg as their speaker at a luncheon today in the constituency. 193 people came and heard Jacob set out how and why the UK should leave the Customs Union and single market as well as the EU, on 29 March 2019. Mr Rees Mogg said the main argument he used to persuade some Remain voters that Brexit is a good idea was to point out that he cannot as an MP take up and sort out many problems which fall under the powers of the EU, stifling democratic opportunity for change and improvement.
