A Government World Supplement

April - June 2025

welters world™

News and product updates from **welters®** organisation worldwide. A place to share our interesting work in agriculture with our heritage herds, historic site restoration, furniture design, stone manufacturing and much more.

welters®

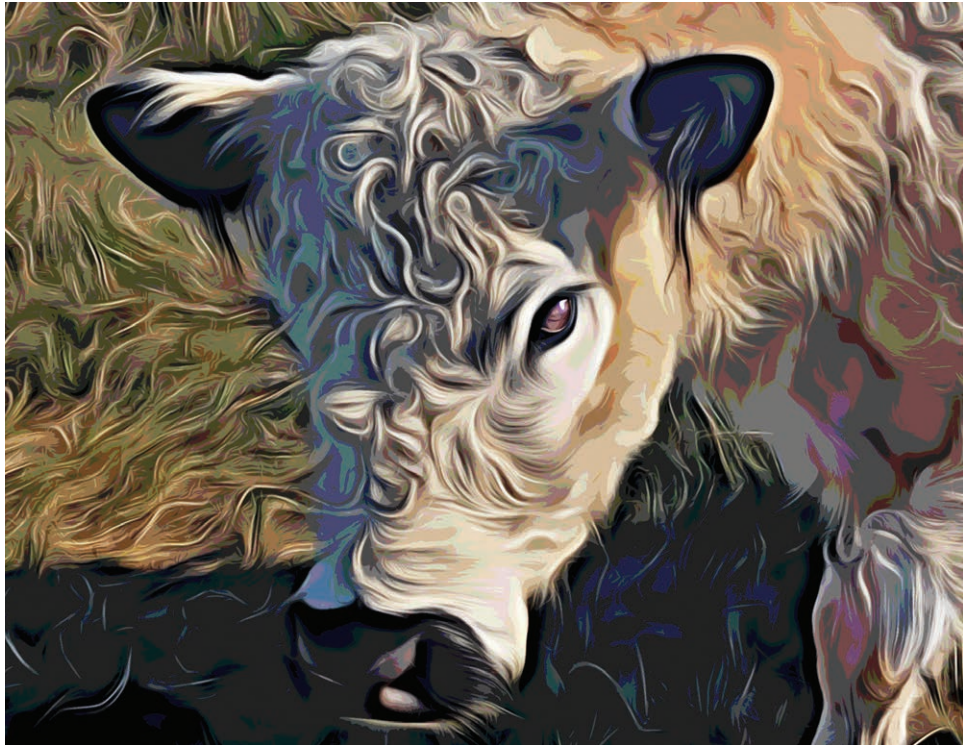

ORGANISATION
WORLDWIDE

Design and Innovation

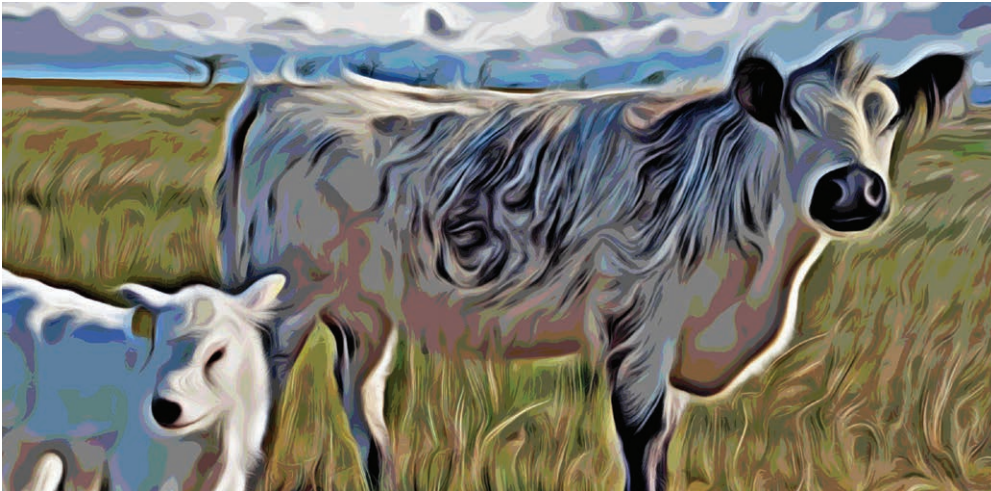

Our aim: To give more to our planet than we take.

One of the ways we do that is through Agriculture. Breeding native agricultural genes and helping them to thrive on our own land in the Borders.

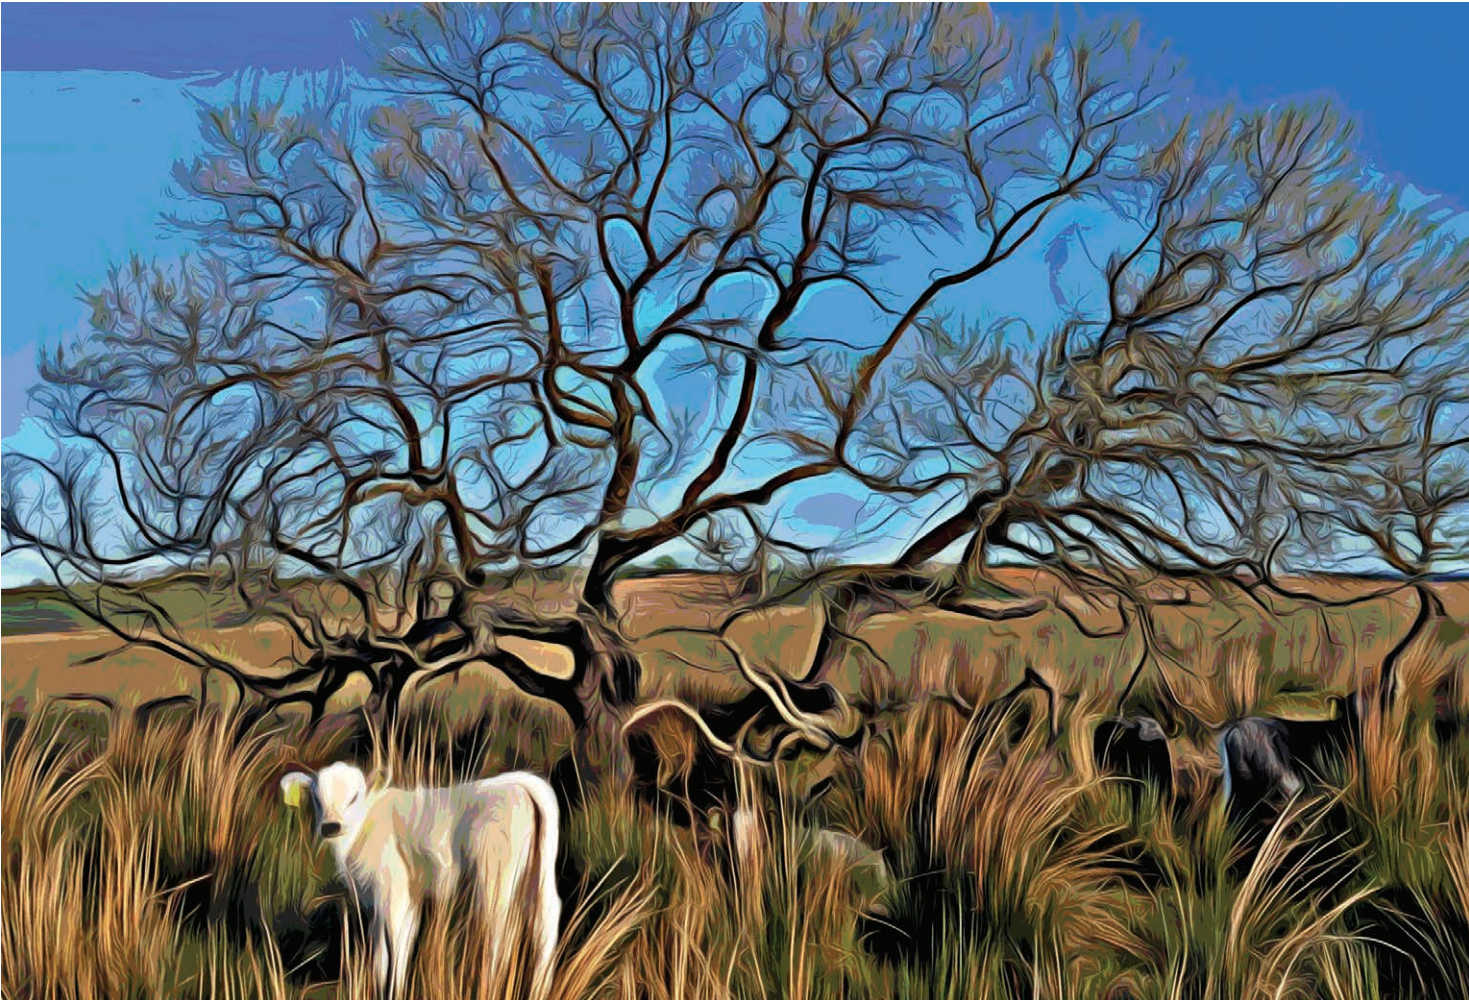

The native breeds included in the programme are Black Galloways, White Galloways, White Shorthorn and Blue Greys

Through the maintenance of a thriving temperate rainforest, we welcome an abundance of wildlife. This gathering of caterpillars, or immature Emperor Moths, was found on a nettle leaf. At this stage in their development, they are social creatures but as they mature, they will become more solitary.

We enjoy seeing the geese swimming around on our lake and spotted this Great Tit taking a break in the shade. We also occasionally spot Mr Fox wandering around the property.

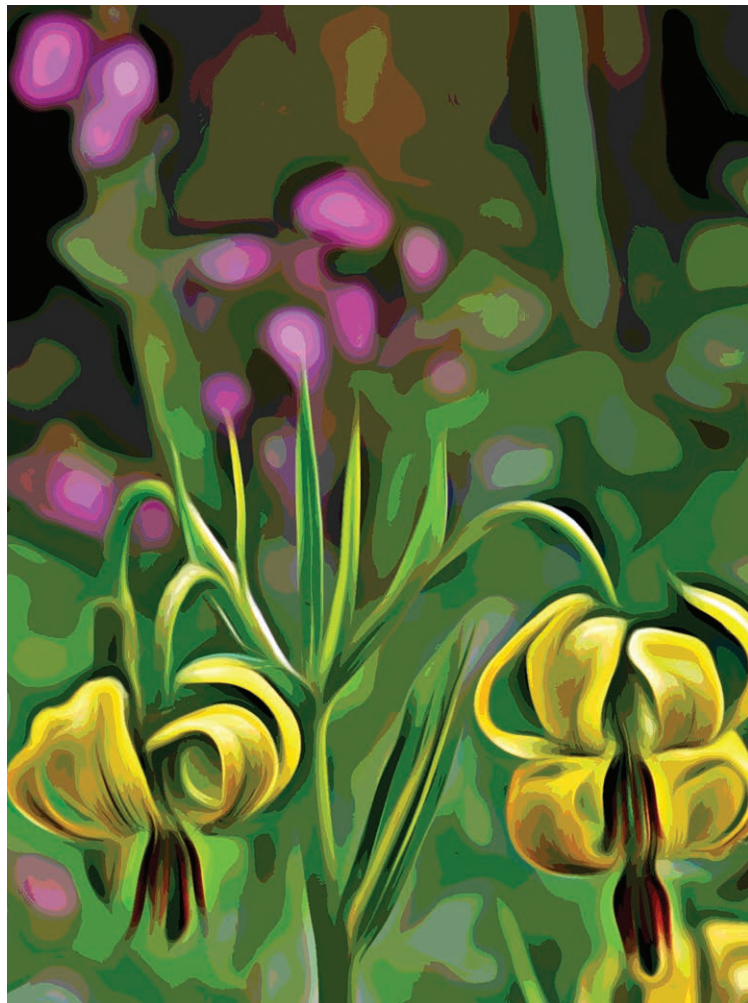

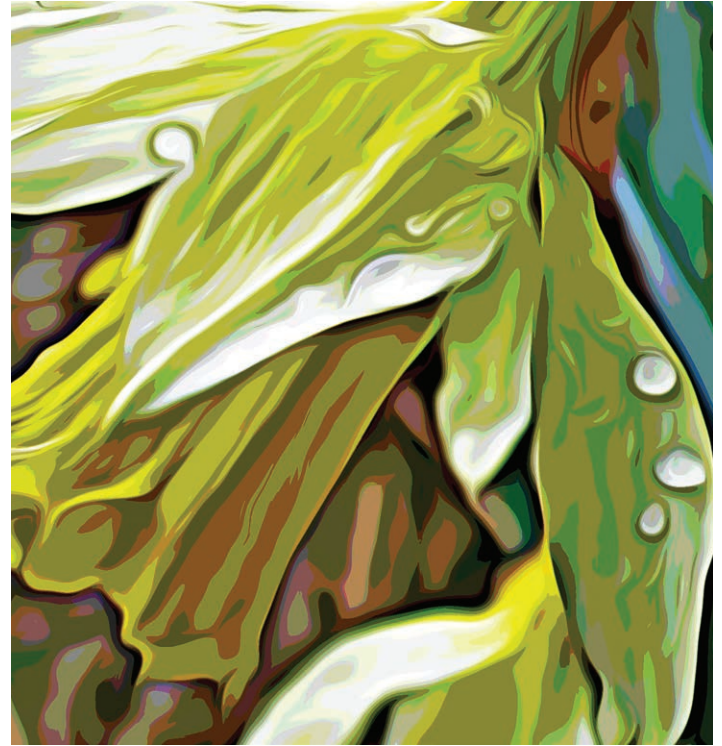

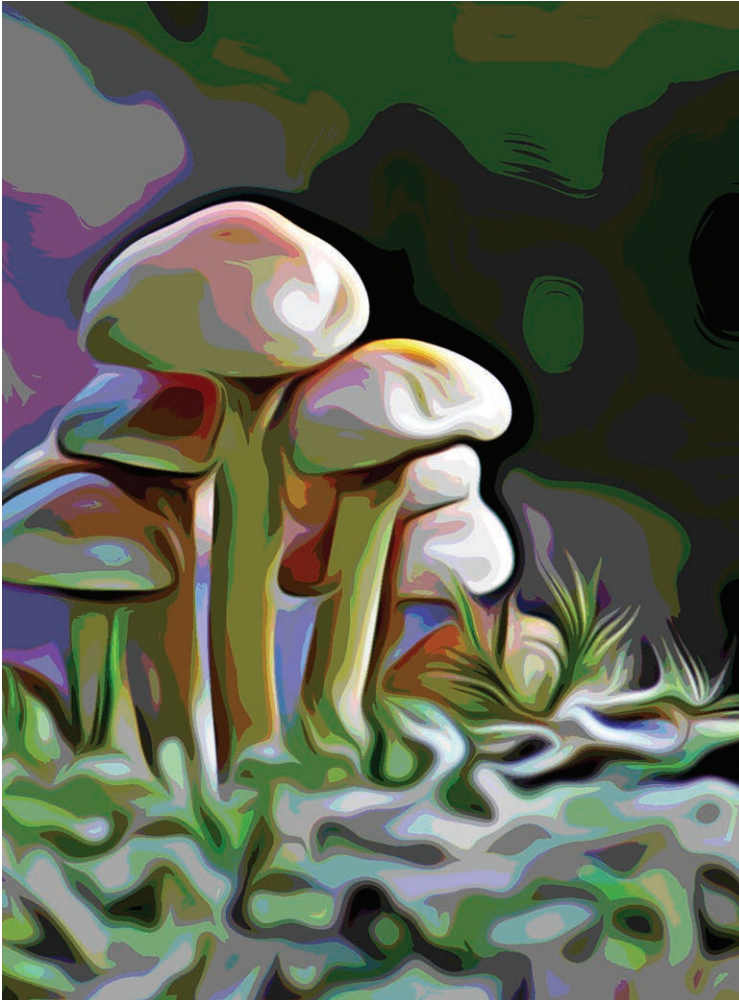

As well as the local wildlife, we have a large assortment of trees, plants and flowers throughout the property...

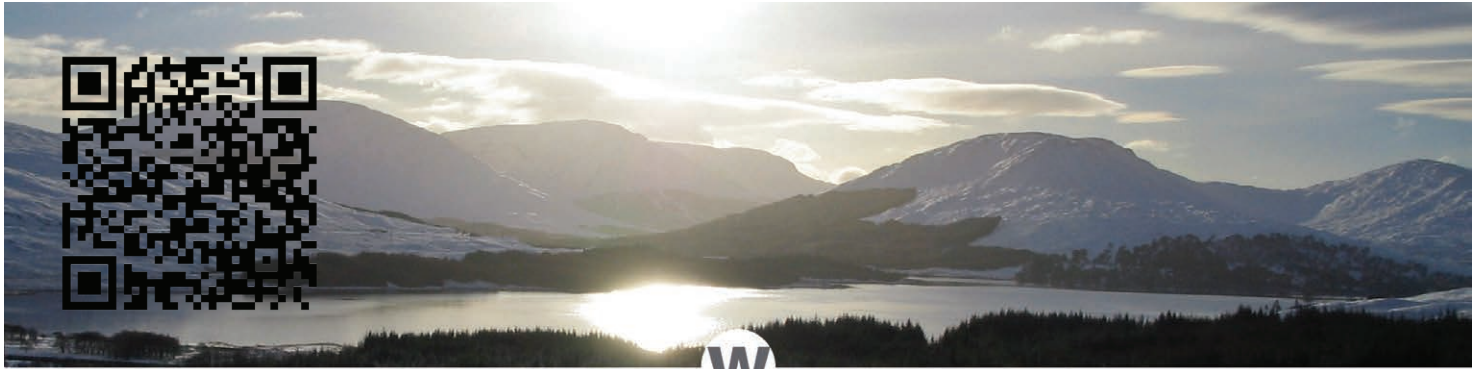

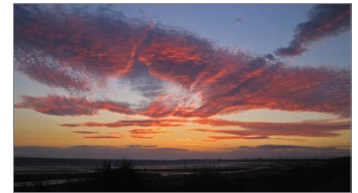

We merge art and nature to create all these spectacular images. Please visit our Etsy shop: [KeithWeltersImages](#)

Mother Nature often puts on a spectacular show in the evening and sometimes, we are lucky enough to catch it on camera. Here are some of the best sunsets we have captured...

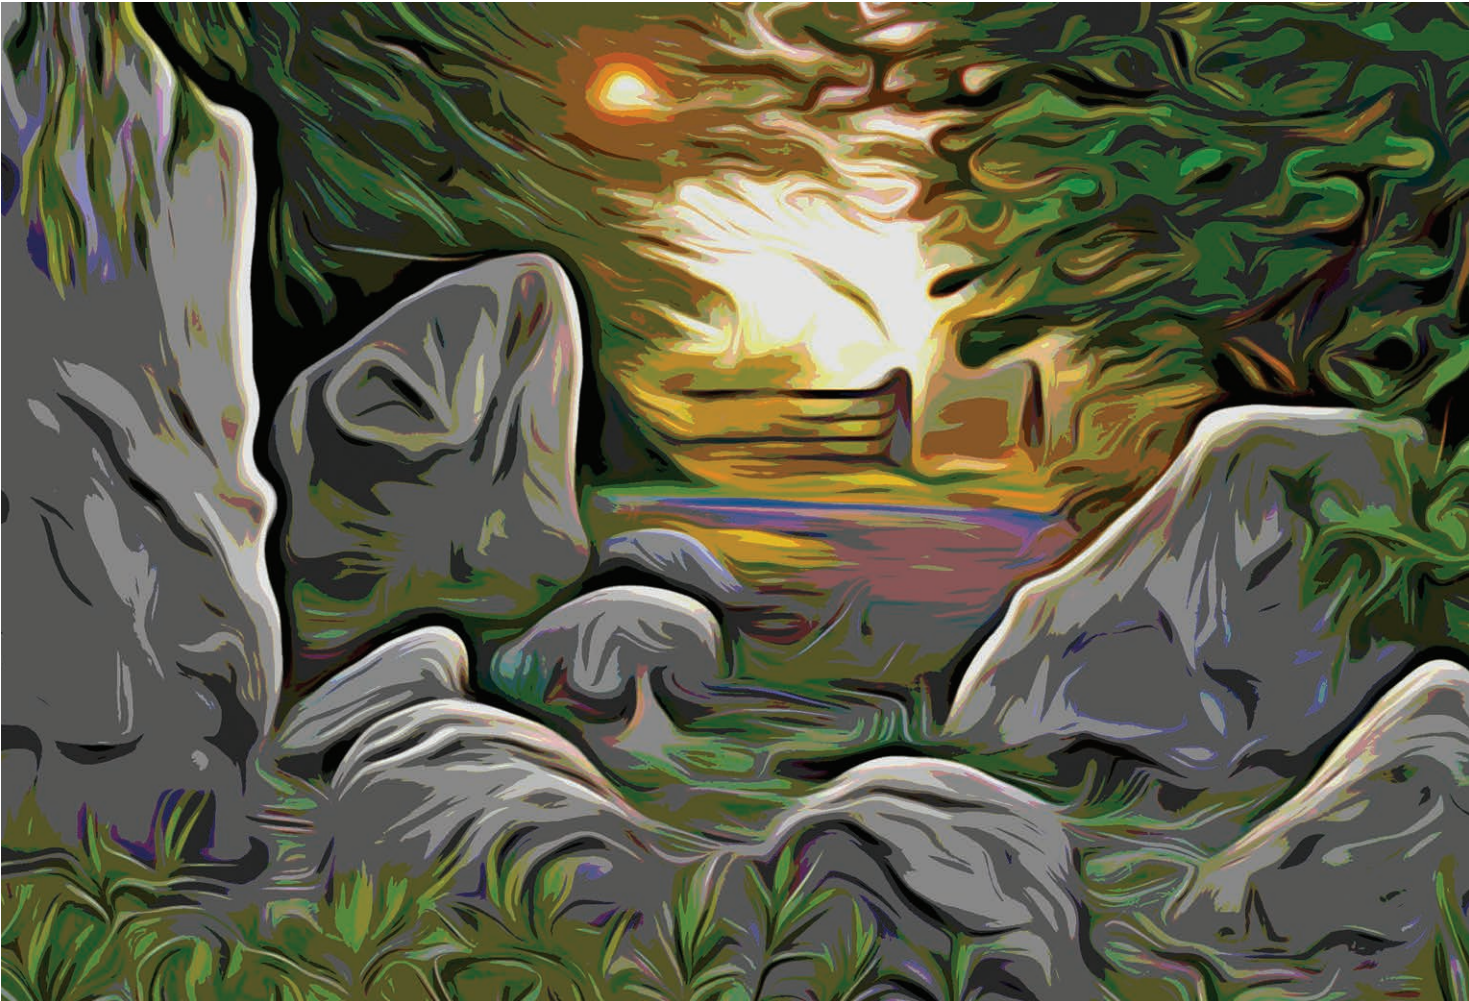

Our manufacturing processes are inspired by the environment and we do what we can to minimise our carbon footprint by using British reconstituted materials.
